

# IS K-8 RIGHT FOR YOU?

1. Does your child deserve more than a generic public education?
2. Does your child love to learn? Is your child always asking "why" or "how"? If so, your child is probably self-motivated and ready to take on the rigor of our K12 curriculum.
3. Is your family willing to commit the necessary time for your child to succeed in this exceptional educational program (4-5 hours of school work, five days a week)?
4. Would you benefit from the support, reassurance and confidence of regular, ongoing communication with a certified teacher?
5. Do you think your child would enjoy participating with other children their age in structured, weekly enrichment sessions?
6. Are you comfortable with a program like ours which uses progress reports to ensure that your child is on track; standards based grades to rate their progress and state-wide testing which helps us to assess our program?
7. Are you organized, willing to work in conjunction with our highly qualified staff and committed to your child's education?

If you feel KCS K8 Virtual/Hybrid Academy is right for your family, please go to <http://www.k12.com/take-a-peek/sample-lessons/> to continue on to a sample lesson.

*"A quality education has the power to transform societies in a single generation; provide children with the protection they need from the hazards of poverty, labor exploitation and disease; and give them the knowledge, skills and confidence to reach their full potential." - Audrey Hepburn*
