

## ***HOST FAMILIES NEEDED ON MAUI!***

**Would you like to expose your children to world languages and cultures?**

**Are funds limited to take your entire family on a trip to Europe or Asia?**

**You should consider becoming a Host Family for the CCI, YES  
or FLEX foreign exchange students.**

*Whether your children are young, in high school, or perhaps they've left for college and you have some extra room - please consider hosting. You will not be disappointed.*

*These teenagers come to Maui will typically a very strong background in English. They attend public school and are eager to volunteer in the community and experience what life has to offer here in Hawaii.*

*The Center for Cultural Interchange is looking for volunteer Maui families to open their homes to foreign exchange students during the 2010-2011 school year. Outstanding sophomores, juniors and seniors from across the world are in need of host families.*

*In 2008 Maui had only one family willing to share their home and culture with a young lady from Russia. This year, Maui hosted 8 exchange students!*

*If you have any interest, please call the CCI's Area Representative, Mrs. Beth King at 870-4818. Beth responded to a posting much like this one in 2001, and has hosted 5 exchange students since placing that first call.*

*Be the next family to reap the rewards and share the aloha! Your kids will thank you for bringing the world to their doorstep.*

**Please give Beth King, CCI's Area Representative, a call at 870-4818**
