

Volume 23

Revised 06/6/2024

***Kihei Charter Public
School K - 12
Student Handbook
2024-2025***

Mission Statement of Kihei Charter School

To conceptualize, organize, and build innovative learning environments with custom designed educational programs that will prepare students for a satisfying and productive life in the 21st Century.

The Vision of Kihei Charter School

KCS is a member of the Innovative Schools Network with a focus on developing 21st century skills.

Student-centered learning, personalization, and integration characterizes our educational programs, authentic performance based assessment, experiential education, and project-based learning. KCS is a community-based school that utilizes Maui's unique resources to create innovative, creative, independent, life-long learners who are engaged citizens committed to affecting positive change in their community.

WASC Accreditation

Kihei Charter School received a six-year accreditation term through 2028 from the **Western Association of Schools and Colleges (WASC)** in 2022. As part of the accreditation process, all stakeholder groups within the school community worked together to identify the strengths and challenges facing the school in the coming years. From this experience, we have built targeted action plans to address our challenges and build a brighter future for our children.

What is a Charter School?

"Charter schools are innovative public schools providing choices for families and students. Nearly 5,600 new schools have been launched since state legislatures began passing charter legislation in the 1990s. Chartering is a radical educational innovation that is moving states beyond reforming existing schools to creating something entirely new. Chartering is at the center of a growing movement to challenge traditional notions of what public education means. Chartering allows schools to run independently of the traditional public school system and to tailor their programs to community needs. While not every new school is extraordinarily innovative and some school operations may mirror that of traditional public schools, policymakers, parents, and educators are looking at chartering as a way to increase educational choice and innovation within the public school system."

Kihei Charter School Goals

- Develop a highly innovative and valuable learning environment on Maui, unique in the world for what it has to offer and how it is implemented.
- Pioneer a curriculum that is unique in its blend of research and development in new technologies, the arts, the humanities, and the sciences.
- Help establish a grassroots research and development learning environment on Maui by nurturing progress with original creative concepts that spur products, projects, styles, and startup enterprises.
- Provide students with a strong foundation in the arts and sciences.
- Culture a creative community by providing a holistic approach that links the concept of valuable, creative, innovative, and culturally enriching academic work with service driven by these goals in the broader community.
- Create a project environment that simultaneously supports research and development, knowledge acquisition, and cultures self-expression, self-development, and self-esteem.
- Create a continuum of development for student projects and skills throughout grade levels to support these goals.
- Nurture and support the continuing education and creative project development of all school staff.
- Consider both community and global challenges in order to focus curriculum toward making valuable innovations and developing schoolwide threads of enterprise in those areas (i.e., renewable energy courses, environmental studies, new media, modeling and simulation, special needs accommodation, agriculture, learning environments, and telecommunication).
- Create and maintain a strong relationship with all segments of the community for the continuing goal of improving education and opportunities for our community. These community relationships include but are not limited to: local businesses, legislators, parents, community leaders, teachers, school support staff, public employee unions, state and county officials, qualified non-profit groups, and other educational and community minded groups and individuals.

School Contact Information

Kihei Charter High School (KCHS)
650 Lipoa Parkway, Kihei, HI 96753
Phone: (808) 875-0700
Fax: (808) 874-6745
Website: www.kiheicharter.org

For students and parents to communicate via email with teachers and/or administrators please use the following format: first initial+last name@kiheicharter.org

School Administrative Staff

Cathy Rimorin, Accounting Clerk	crimorin@kiheicharter.org
Raquel Balasan, Records Clerk	rbalasan@kiheicharter.org
Tiare Tialino, Human Resource Assistant	ttialino@kiheicharter.org
Rebecca Venticinque, Athletic Coordinator	rventicinque@kiheicharter.org
Leslie Baldrige, K-5 Director	lbaldridge@kiheicharter.org
Matt Satovich, Elementary Dean	msatovich@kiheicharter.org
Pomai Pruettt, 6-8 Director	ppruettt@kiheicharter.org
Ian Cowan, MS Dean	icowan@kiheicharter.org
Ellen Federoff, 9-12 Director	efederoff@kiheicharter.org
Ken Goring, HS Dean	kgoring@kiheicharter.org
Lisa Whitten, Student Services Coordinator	lwhitten@kiheicharter.org
Michael Stubbs, Head of School	mstubbs@kiheicharter.org
Shannon Satovich, IT Coordinator	ssatovich@kiheicharter.org
Phill Schmidt, IT Director	pschmidt@kiheicharter.org
Cheryl Zarro, Finance Director	czarro@kiheicharter.org
John Colson, Consultant	jcolson@kiheicharter.org

Academic Policies

Grading

Student course grades are weighted according to the following formula:

25% Homework/Classwork
25% 21st Century Skills
50% Assessments

Students must earn at least a 70% in order to receive credit for courses. While it is not the expectation for Kihei Charter School students to earn below 70% on homework/classwork, 21st Century Skills, and assessments, it is the primary goal of the school to facilitate the academic success of all students. Students who earn between 60% and 69% will have the opportunity to remediate their work toward earning a 70% in the course and thereby earning credit for the semester.

This nature of remediation will be determined by the teacher and take place at the start of the spring semester or during summer recess. The student will have two weeks to remediate work from the previous semester. In order to be eligible for credit remediation, the student must apply directly to the teacher for this opportunity.

Attendance Policy and Procedures

The Kihei Charter School attendance policy will be guided by, but not limited to, Hawaii state attendance laws to include the following: [Hawaii State Compulsory School Attendance Law, §302A-1132, HRS](#), which requires children to attend either a public or private school unless properly excused from school, [§302A-1136 HRS](#), which places the responsibility for enforcing compulsory attendance and [§302A-1135 HRS](#), which requires the parent or guardian of the child who persists in being absent from school be referred and summoned to family court.

It is the belief of the Kihei Charter School Board of Governance that instructional time with the facilitators/teachers greatly adds value to a student's education. Students who do not attend regularly are at an educational disadvantage, as they are not receiving the benefits of working collaboratively with their facilitators/teachers and peers. Poor attendance limits accomplishments and reinforces a habit that will handicap the individual in their educational future, as well future employment.

Absences

As a school of choice that strongly encourages parental involvement, we expect the parents or guardians to check their child's attendance record on a regular basis. Parents can track student attendance through PowerSchool, which will record absences, both excused and unexcused, and tardies. In grades 6 - 12, a student will be considered absent after 3 or more class periods.

When students are marked absent in a class, families will receive a robocall to notify them that their child is not at school. Parents/guardians and students need to be aware that there will be some assignments that students will not be able to make up. It is the responsibility of the student and parent to ensure that all missing assignments are accounted for.

In order for an absence to be deemed excused, a parent or guardian must contact the school by phone or in writing either prior to the absence or within three days of a student's return to school. We ask families to email their child's homeroom teacher (elementary) or advisor (middle and high school) to notify them of an absence as well.

Kihei Charter School defines excused and unexcused absences as follows:

Excused Absences

- Student illness or injury (a doctor's note is required for 3 or more consecutive absences)
- Bereavement or funeral leave
- Major family emergency
- Medical/Dental appointments (verified by a doctor's note)
- Court appearances (verified by a court document)
- Religious holy days
- School-related (field trips, work/study, sports, college visitations, etc.)

Unexcused Absences

- Vacation/family trips
- Non-school sponsored sports competitions or events
- Entertaining visitors or guests
- Caring for siblings or family member
- Personal business
- Unauthorized leave from campus or truancy

Tardies

It is expected that students arrive for class on time and prepared to work. Students may not be able to make up the work they missed prior to their late arrival. Any student who arrives at school more than 15 minutes late will be marked absent.

In the case of excessive tardies, parents will be directly contacted by the student's homeroom teacher, advisor or administrator.

Plan of Action for Absences and Tardies

Based on the number of absences, excused or unexcused, for the school year, the following actions will be taken.

<u>Absences</u>	<u>Action Taken</u>
5 days	Notification - The parent or guardian will be notified, via email or phone regarding the number of days their student has been absent or tardy.
8 days	First Notice Letter - A letter will be sent home to the parent or guardian indicating the amount of days their student has been absent or tardy. A meeting will be requested to discuss how to improve the situation. If no return communication from the parent/guardian is received, our Department of Education (DOE) Social Worker and Child Welfare Service (CWS) will be notified of the truancy.
15 days	Second Notice Letter - A final letter will be sent home to the parent or guardian indicating the amount of days their student has been absent or tardy and that their student is now <u>chronically absent</u> . A second meeting will be requested to discuss creating a plan on how to support the student. If no return communication from parent/guardian is received, or there is suspicion of neglect, our DOE Social Worker and CWS will be notified of the truancy.

Per the State of Hawaii, students are labeled chronically absent if they miss 15 or more days of school for any reason. Students who have chronic absenteeism may be referred to Family Court, pursuant to [H.R.S. 571-11\(2\)](#). Family Court can place a child under jurisdiction for truancy if the child is not attending school or is not receiving the educational services required by law.

Late Work

Students who turn in late work will not earn credit for 21st Century Skills demonstration; however, their work will still be eligible for earning credit for homework/classwork and/or assessment grades.

Kihei Charter High School strives to promote personal responsibility to all of its students. It is the belief of the school that punctuality is a fundamental 21st Century Skill.

Students who turn work in on time will be given the opportunity to remediate their work per the facilitators' comments and suggestions and at the teacher's discretion .

Late work will incur a 10% reduction of the total grade for each day that it is late.

Academic Interventions

It is the goal of Kihei Charter School to set all of its students up for success. As such, the school will implement academic interventions—including additional support in the classroom from educational assistants, academic counseling, and extended school days—to help further the success of students. The goal of these interventions is to provide support for students who demonstrate a need for extra assistance to complete their regularly assigned academic work.

Kihei Charter School is committed to providing a nurturing, caring environment that enables all children to progress and learn. To achieve this, we have implemented **Response to Intervention (RTI)**, **Multi-Tiered Support Systems (MTSS)** and **Positive Behavior Interventions and Support (PBIS)** systems. These collaborative pro-active “best practices” involve the school, families and community in providing support and services so each child will meet educational standards for their grade level.

The school has a Response to Intervention (RTI) program to ensure that the academic progress of all students is monitored and that timely and appropriate interventions are implemented as needed. The RTI process includes universal screening assessments, frequent review of benchmark data sources, and differentiated instruction in the general education classroom as a starting point. All students complete a universal screener three times during the school year for English Language Arts and Math. Based on data, support and interventions are designed and provided in the regular classroom and in additional intervention classes. The goal is to provide multi-tiered support so that all students are able to be successful in our school.

All staff members are familiar with the referral forms and processes to use when students appear to need extra support in order to make academic and behavioral gains. Supports are also delivered school-wide through overreaching programs and initiatives involving teaching, learning, and behavior.

State Testing

Kihei Charter School is a public school and therefore is responsible for ensuring that all students participate in Hawaii state testing. Students in grades 3 - 8 and 11 are required to take the Smarter Balanced English Language Arts (ELA)/Literacy and Mathematics Assessments and all students in grades 5 and 8 are required to take the Hawaii State Assessments (HSA) Science Assessments. Students enrolled in Biology I are required to take the Biology End-of-Course (EOC) exam. State assessments will begin in early Spring.

The purpose of the assessments is to provide you, your student and your student’s teacher with information about the extent to which your student has met the Hawaii Common Core Standards in ELA/Literacy and Math and Next Generation Science Standards (NGSS) in Science.

For more information regarding state testing, visit <https://alohahsap.org/>.

Progress and Report Cards

Progress reports and end of the year report cards are accessed by parents through Powerschool at the end of each semester.

Standards Based Learning (Homework/Classwork)

Kihei Charter School utilizes a student-centered approach to learning through Project-Based Learning and 21st Century Skills. Individual student progress is measured by the Hawaii Content and Performance Standards (HCPS), Federal Common Cores Standards (CCS), and Next Generation Science Standards (NGSS), which are required learning components for all public school students in the State of Hawaii, and through student demonstration of the 21st Century Skills.

Students make progress through grade levels based upon the sufficient accumulation of these standards and skills. A standard is a piece of work that adequately demonstrates proficiency of an academic concept. The full list of K-12 standards can be viewed here:

<https://www.hawaiipublicschools.org/TeachingAndLearning/StudentLearning/Pages/standards.aspx>

Performance Competencies: The 21st Century Skills

Students will be assessed on 21st Century Skills through performance competencies and Student-Led Conferences (SLCs). The 21st Century Skills Student must acquire and demonstrate growth in all eight of the 21st Century Skills before being promoted to the next grade level.

The full list of 21st Century Skills are described below.

- Information Skills

Students will apply relevant computer and handheld technology across the curriculum, and they will integrate new technologies. Students will also read and understand a wide range of literary and informational text for a variety of purposes, and they will apply a variety of appropriate research methods across the curriculum.

- Communication Skills

Students will be able to communicate effectively with a variety of audiences for different purposes, using oral, written, and nonverbal communication.

- Thinking and Problem Solving

Students will demonstrate thinking and problem solving in all curricular areas through project application of the scientific method, higher order math skills, and literary analysis.

- Interpersonal Skills

Students will demonstrate respect and positive interpersonal skills throughout all areas of their lives. They will successfully work cooperatively as a member of a variety of teams.

- Self-Directional Skills

Students will demonstrate their ability to understand and monitor their own learning needs and to goal-set. They will complete a portfolio and present it as part of their exit interview with a graduation committee. Students will also demonstrate career readiness, and will connect to the world of work through career explorations and internships.

- Global Awareness

Students will demonstrate an understanding of the thinking, motivations, and actions of different cultures and countries in order to successfully navigate and respond to communities and workplaces extending beyond their neighborhoods.

- Financial, Economic, and Business Literacy

Students will demonstrate an understanding of business processes, entrepreneurial spirit, and the economic forces that drive today's economy. They will also be prepared to make appropriate personal economic choices.

- Civic Literacy and Engagement

Students will demonstrate an understanding of and the ability to analyze and participate in government and in community, both locally and globally, in order to shape the circumstances that impact their daily lives and the lives of others.

Project Based Learning and Assessment

Students will participate in authentic, project-based learning activities as part of the required curriculum of the high school. Freshmen and sophomores work on integrated projects while juniors are required to complete independent projects each year. Seniors are required to complete a yearlong independent project.

Special Education

Kihei Charter School, in partnership with the Department of Education, offers special education services within our full-inclusion model. These services are available for students whose needs can be met in the least restrictive environment. In compliance with the Individuals with Disabilities Education Act (IDEA), Kihei Charter School works to both identify and serve eligible children. The Student Services Coordinator works with teachers to identify and serve students with special needs. Any parent who suspects that their child may have a disability should discuss their concerns with their teacher.

Comprehensive Student Support Services (CSSS)

Comprehensive Student Support Services are resources available to all Kihei Charter School families. The CSSS process is designed to address parent and/or teacher concerns regarding student's academic or behavioral challenges. The CSSS meeting provides a forum for the parent, an administrator, the child's teacher, and a learning specialist to come together and develop additional ideas and/or strategies to help the student. The process should be used as the first step towards consideration of special education. If you are interested in scheduling a meeting with the CSSS Team, please notify your teacher.

State Standardized Tests

Kihei Charter School, being a public school, is responsible for ensuring that all required students participate in mandatory state testing. Participation in State Standardized Testing is a key factor in the funding formula for each charter school. All state testing is administered on site at the school.

Plagiarism and Intellectual Property Theft Policy

According to dictionary.com, plagiarism is: *the unauthorized use or close imitation of the language and thoughts of another author and the representation of them as one's own original work. Intellectual property is: property that results from original creative thought, as patents, copyright material, and trademarks.*

The following are considered plagiarism and/or intellectual property theft:

1. Turning in work that the student did not write, including turning in another student's work for credit.
2. Using another person's words without giving the other person credit for them. (Using quotation marks and stating where the quote came from is not plagiarism.)
3. Using another person's ideas, arguments, or creations without giving credit for them. (Putting the idea into one's own words and then stating from where the idea was taken from is not plagiarism. For artwork, digital media, or other creative work, the source must be cited.)

When in doubt, ask a facilitator to help determine if an act would be deemed plagiarism and/or intellectual property theft.

When plagiarism or intellectual property theft is suspected, the facilitator will initiate a discussion with the student to determine if there has been a violation of the policy and, if so, the intent and severity of the plagiarism/intellectual identity theft.

The first violation of this policy will result in a phone call home and an opportunity to remediate, but the student will not earn credit for any of the assignment's 21st Century skills.

The second violation of this policy will result in zero credit earned for the assignment and no chance to remediate the work for credit.

The third violation will result in a one-day suspension and the assignment of a reflection paper, which will be required for return to school.

Future violations will result in additional days of suspension, an academic contract, and may result in referral to the Board of Governance for further action.

ID Cards

All students will be issued a student ID card after taking their school picture each year. High School students will be required to wear their ID lanyard at all times while on campus for safety purposes. Lost ID's will be replaced with a charge of \$5. Replacement ID cards must be requested and paid for at the front office. ID cards are also used by all students to make meal purchases in the cafeteria.

Cell Phones

KCS understands that parents provide students with cell phones for safety reasons during, before, and, after school hours; however students are not to use their cell phones during class unless directed to do so by the classroom teacher. We understand that at unique times it becomes necessary for a parent/guardian to communicate with their child during the course of the school day. In this case, we expect high school parents to contact the High School front desk at 875-0700 in order to deliver urgent messages to their child during the regular school day.

Students K-12 may not use their cell phones (or any other handheld technology) at any time during the school day, unless directed to do so by a staff member. If students are using cell phones without permission, they will be confiscated and returned at the end of the school day for five consecutive days. *Please see the Middle School Section for their Policy, Page 45 and the High School section for their Policy, Page 12.*

Intoxicating Substances or Illicit Drugs

If a student appears to be under the influence of alcohol or illegal drugs, they will be escorted by an adult to the Dean's Office and their parents will be notified.

The student, in the presence of multiple adults, will be checked for contraband and if anything is found or there is an obvious suspicion that they are under the influence, parents will be immediately notified and the student will be sent home.

The length of the suspension will depend on the student's level of cooperation. Any student who used intoxicating substance(s) or illicit drug(s) while attending school, or any school related activity or event may be excluded from attending school for up to ninety-two school days.

Students will not be allowed to return to school until the parent produces a negative drug test from a certified testing agency. In addition, the student will be referred to the MYFS/IOP program, as well as, the on campus Ke Ala Pono program.

The student will be given the option to return from suspension early only if they participate in the Ke Ala Pono program. The early return option would be available after the student attends a minimum of ten sessions.

Personal Medications

In order to ensure the safety of all of our students, no student can hold onto prescription or over the counter medications. All medications must be secured in the front office with the Health Clerk. A student may visit the front office when they need to take their medication, and the Health Clerk will ensure that they are taking the proper dosage as prescribed.

Conditions Under Which General School Searches and Seizures May Be Carried Out

Searches and seizures may be carried out if at the time of the search, there are reasonable grounds to suspect that the search will turn up evidence that the student or students have violated the law or provisions under this handbook. The school official may examine the contents and belongings, which may include but are not limited to: purses, fanny packs, backpacks, jackets, shoes, socks, or any outer clothing.

The student who will be subjected to a search shall be informed of the purposes of the search and shall be given an opportunity to voluntarily relinquish the evidence sought by the school official. Any object observed during a search may be seized by a school official when possession of the object is a violation of the law or provisions of this handbook.

Firearms

Firearms are strictly prohibited on our school campus. They are not allowed in a student's backpacks, or at all school-related activities. Should a student bring a firearm to school, he/she shall be removed from school for at least one calendar year.

"Firearm" as defined by Hawaii Administrative Rules Title 8, Chapter 19 means:

- (1) Any weapon, including but not limited to a starter gun, shotgun, or air gun which includes BB guns, pellet guns, paintball guns, or crossbows or any other instrument that will or is designed to or may readily be converted to expel a projectile;
- (2) The frame or receiver of any such weapon;
- (3) Any firearm muffler or firearm silencer; or
- (4) Any destructive device. The term "destructive device" means:
 - a. Any explosive, incendiary, or poison gas:
 - (i) Bomb;
 - (ii) Grenade;
 - (iii) Rocket having a propellant charge;
 - (iv) Missile having an explosive or incendiary charge;
 - (v) Mine; or
 - (vi) Device similar to any of the devices described in the preceding clause
 - b. Any type of weapon which will, or which may be readily converted to expel a projectile, including but not limited to a weapon that expels a projectile by action of an explosive or other propellant; or
 - c. Any combination or parts either designed or intended for use in converting any device described above, and from which a destructive device may be readily assembled.

In addition, we emphasize that toy guns, including but not limited to Nerf guns, water guns, super soakers, spud guns, rubber band guns, gel guns, prop guns, or other types of toy guns, are strictly prohibited on campus. Depending on the circumstances, even a toy gun may be considered a firearm.

Leaving Campus Without Consent

Students may not leave campus without first obtaining permission from school officials. All students who leave school early must have permission from the school, and must sign out at the front office. No student may leave campus during the lunch break.

No Outside Deliveries to Campus

Due to health and safety reasons, the office does not accept food or drinks from the outside for students. No outside food shall be delivered to campus during school hours. The office will not accept delivery of foods (e.g. UberEats, Door Dash). Students shall not receive outside food from friends or family (e.g. from the parking lot or area fronting the school. Family must deliver food to the front office. This also applies to any delivery or drop-off items for students.

Visitor Pass

All visitors and guests must report to the main office before proceeding on to campus. Visitors shall sign-in and out on the school's Visitor Log at the front counter. To receive a visitor badge, each visitor must leave an ID or car keys for collateral. Visitors are not allowed on campus during the instructional day unless they are a part of a sanctioned/approved activity. KCS welcomes those visitors who have official business on campus. When business is completed, visitors/guests are expected to sign-out and leave promptly. Parent/Guardian visits to classrooms must be approved by the administration prior to the visit.

Field Excursion Behavior

A unique and integral part of the KCS curriculum is field-based work around Maui. Students are transported in the school's fifteen passenger vans to sites around the island, where they engage in authentic, hands-on work facilitated by our teachers and our community partners.

Safety is our school's number one concern when students are in the field. As such, KCS has strict safety guidelines that students must adhere to at all times. In addition to following all school rules and expectations, students are also expected to abide by the following rules and expectations at all times when in the field:

Follow van protocol, including:

- Sit in their assigned van seat, if applicable
- Wear a safety belt
- Remain seated at all times
- Keep all hands, arms, heads, possessions, in the van at all times
- Maintain low noise level
- No eating in the van

- Grades 5 - 8 School logo t-shirt must be worn and visible at all times
- No vandalism – students are expected to take care of vans and use equipment appropriately
- Stay seated in the van once it has been parked until the teacher directs the students to exit the vehicle.

Follow field-based activities protocol, including:

- Follow directions from faculty, EAs and community partners
- Stay in the designated work area
- Do not leave the group or wander off
- Represent the school and yourself with positive behavior
- Be respectful of the safety of self and others
- Be respectful of all property and objects (no throwing objects or climbing, etc.)

All school-based consequences listed previously will be applied aggressively to field-based behavior infractions so as to maintain a safe environment for all students when in the field.

Students who consistently demonstrate unsafe behaviors in the field and/or consistently do not adhere to minimum field behavior expectations will not be able to participate in the field-based learning activities. Field-based learning represents a substantial part of the KCS curriculum, and as such, current KCS placement may not be the appropriate educational placement for students who cannot participate safely in fieldwork. In order to determine the most effective placement for students who do not participate safely, there will be a meeting with the Leadership Team.

Non-Compliance Procedures

In support of students with chronic behavioral, non-compliance, and/or insubordination issues, the school will implement non-compliance procedures.

Kihei Charter School is a school of choice. We are unique in our mission and goals and the way in which we deliver curricula. Families and students choose the charter school for the unique opportunities that it offers and for the experiential, project-based learning experiences that it provides. If students and families are not participating in the processes that KCS has created to engage them, the school will begin to implement its non-compliance procedures—the purpose of which is to support the child towards academic success.

Step One: Phone call/email from teacher stating areas of non-compliance.

Step Two: Face to Face conference with teachers to create an Action Plan. An action plan includes supportive interventions, such as mandatory participation in academic enrichments, weekly communication, handing in weekly work, and other supports for student success. These interventions are required, and there are disciplinary consequences for not participating.

- Step Three:** Conference with teacher(s) and administration—a contract will be created to best facilitate student success.
- Step Four:** If during a semester, in which the above steps were implemented, a student ends with 2 or more failing grades, the student will be placed on academic probation. The Head of School will be notified each semester of the number of students who are on academic probation, including the supports that were provided to the student by the school. At this time, there will be a conference with administration to review and/or amend student contract, and other placements will be discussed.
- Step Five:** Two successive semesters that end in academic probation will result in a second conference with administration to review the following: student progress, interventions and supports that were put in place for the student, student participation in the interventions and supports, communication with parents, meetings that have taken place to address the issues of academic progress, attendance records; discipline records, consultations and referrals to outside agencies, referrals for counseling, etc. Other school placement will be discussed.

Enrollment

Withdrawals

If you decide to withdraw a student from Kihei Charter School, you must communicate your decision to the Student Records Clerk (and, in the case of elementary students, to your teacher as well). All loaned materials must be returned to the school for withdrawal—transfer papers will not be signed until all materials are returned and all accounts are settled.

Re-Enrollment Policy

This policy applies to students who have previously attended KCS and were counseled to an alternate setting/school due to continual lack of success and/or non-compliance, despite KCS interventions.

Any student who has been advised by KCS to attend an alternate educational setting due to a continual lack of success and/or non-compliance will be able to reapply to KCS after one calendar year away from the school. The reapplication follows the same process as other candidates for admission. The applicant would need to:

- Submit an application at the correct window of time.
- Gain a place in the appropriate class via the admission lottery.
- Return on a 12-month probationary period with the understanding that continued enrollment is contingent upon performance.

Student progress will be monitored, evaluated, and communicated to parents/guardians regularly. If the student does not make adequate progress, he/she will transfer to an alternate setting/school at the discretion of KCS.

Need-Based Financial Assistance

Kihei Charter School does not intend to exclude any student from an activity due to financial constraints. To determine a family's need, KCS utilizes the free and reduced lunch status as determined by completion and approval of the federal lunch application. Financial assistance is provided for, but not limited to, field trips, Early Admit tuition, after-school enrichment, yearbook, etc.

Essential Terms

- **STEM.** (Science, Technology, Engineering, & Math)
- **STEAM.** (Science, Technology, Engineering, Arts & Math) STEM education supported by access to the arts
- **Project-Based Curriculum.** Student centered learning experiences, with the student as worker and teacher as coach, will be designed to create actively engaged learners focused on an essential question or problem to be solved.
- **Blended Learning Model.** Students will be actively engaged with a combination of face-to-face lessons and remote learning opportunities, such as online courses, teacher class extensions, Early Admit college classes, internships, community-based projects, etc.
- **Dual Enrollment.** We will continue our partnership with the University of Hawaii Maui Campus (UHMC) to provide our students with access to Early Admit dual-credit college courses.
- **Classroom Without Walls.** Students will utilize the diverse opportunities available on the island of Maui. Volcanos, rainforests, coral reefs, humpback whales, astronomy research, cultural diversity, and alternative energy are examples of learning opportunities accessed outside of our school buildings. Not just "field trips," students will consistently engage in rigorous instructional excursions, working in concert with community partners such as the Kihei Community Association, the Kihei Canoe Club, Grow Some Good, Kaho'olawe Island Restoration Commission, the Maui Sustainability Group, the Maui Coastal Land Trust, the Haleakala National

Park, the Pacific Whale Foundation, the Department of Land and Natural Resources, Waikamoi Reserve, Waihee Refuge, the Hawaiian Islands Humpback Whale National Marine Sanctuary, and the National Atmospheric and Oceanographic Association and more.

Expectations of Parents

Kihei Charter School is a school of choice for students and their families. It is expected that parents who choose to enroll their child at Kihei Charter School will demonstrate a commitment to its vision, mission, curriculum, and policies. The belief of the charter School is that students will perform best when both home and school work together to support their educational and personal growth goals. The following are the expectations of parents in the Charter School.

- **Transportation**

Kihei Charter School does not provide student transportation to and from school. High school students should not be dropped off at school prior to 7:30 a.m., or left at school past 4:00 p.m., unless participating in after school activities or previously arranged with school personnel.

- **PowerSchool and Teacher Web Sites**

Teachers are committed to keeping PowerSchool and their Google Classroom as up-to-date as possible and will be consistently uploading such things as: description of student assignments, grading rubrics for student assignments, feedback on student work, comments to parents, etc. It is the expectation of the school that parents will log into PowerSchool on a regular basis in order to stay abreast of their child's academic performance and to be better able to support their child's academic progress from home.

- **Academic and Behavioral Supports**

Kihei Charter School strives to personalize education for each student. In order to support students who struggle to meet the academic and/or behavioral expectations of the school, the student will be offered additional support with the goal of facilitating them toward academic success. These supports may include, but are not limited to, additional support in the classroom, targeted academic assistance, online supports, extended day learning opportunities, counseling, etc. It is the expectation of the school that the school and family work as a collaborative team as needed and that the supports that are offered are utilized by the student and supported by the family.

Parent Code of Conduct

Kihei Charter School recognizes the importance and value of a mutually supportive relationship between the school and parents. The education of a child is best served when the school and parents share a commitment to collaboration, open lines of communication, mutual respect, and when roles, responsibilities and expectations are clearly defined. It is our expectation that parents will address any concerns in a positive and supportive manner, avoiding public actions or criticism detrimental to the school or its employees. The code of conduct further clarifies expectations intended to ensure an orderly, respectful, and secure educational environment which reflects the schools mission, vision and policy and procedures.

The details referred to in this Parent Code of Conduct are representative of, but not limited to, conduct expectations for parents:

Recognize that the education of each child is the joint responsibility of the parent, student, faculty and school community.

Demonstrate that both parents and the school work cooperatively in the best interest of the child.

Members of the KCS faculty, staff, and support personnel and others employed by the school must be treated in a professional and respectful manner.

Exhibit a good example for students in their conduct, language and behavior while on campus or at school sponsored activities.

Refrain from negative gossip or unsubstantiated criticism that disparages the reputation of the school or its employees. This includes Facebook, Instagram, Twitter, blogs and other social media sites.

Refrain from using social media to fuel discontent or criticism of individual school employees, other parents, students, or school programs or services.

Seek to clarify a child's version of events with the school's view in order to avoid misunderstanding and to bring about a successful resolution to any dispute.

Unscheduled campus visits to see staff members or administrators will be advised to schedule an appointment. Parents will be contacted by the appropriate person within 24 hours of the request.

Threatening behavior towards students, staff and/or faculty members is not tolerated.

Anyone not respecting the above guidelines may be asked to leave school premises and in some cases, may be prohibited from access to the school.

Expectations of Students

Kihei Charter School is the only one of its kind on Maui. It offers students truly unique and exceptional opportunities for academic development and personal growth. It is expected that students have chosen the charter school in order to participate in these unique educational opportunities and activities. For the program to successfully function as designed, students must be willing to meet the high expectations that the school has set for them. These expectations are outlined below.

• Positive Behavior

Students are expected to maintain the highest standard of conduct. The four pillars that hold our school culture up are: Effort Creates Ability, Ownership, Everything Speaks, and Respect and Courtesy. Positive behavior is rewarded at the end of each quarter, with awards given to students who exemplify these four pillars. Students who choose not to conduct themselves in the appropriate manner as outlined by school faculty and administration will face serious consequences as a result

• Consistent Effort and Active Participation

The foundational belief of this school is that Effort Creates Ability. Students are expected to show up each day prepared to positively participate in all activities and to give each of their tasks their best effort. Many of our in-class projects require students to work together in order to complete the assigned task. In addition to giving their best effort, students are expected to display and employ positive interpersonal skills at all times. Teamwork and the idea of always speaking with good purpose (Everything Speaks) are two of the most important concepts when students engage in-group problem-based assignments.

• Homework

Students will be required to complete extension work, virtual work, or to participate in activities and events outside of school hours (such as exhibitions and field excursions) as assigned throughout the year. This is part of the commitment that families make by choosing Kihei Charter School. Students that are unable to complete a class assignment within the time allowed will be expected to complete it on their own time as determined by instructors.

• Receive Academic and Behavioral Supports

Kihei Charter School strives to personalize education for each student. In order to support students who struggle to meet the academic and/or behavioral expectations of the school, the student will be offered additional support with the goal of facilitating them towards academic success. These supports may include, but are not limited to, additional support in the classroom, targeted academic assistance, online supports, extended day learning opportunities, counseling, etc. It is the expectation of the school that the school and family work as a collaborative team as needed and that the supports that are offered are utilized by the student and supported by the family.

Technologies

General Computing Policy

1. Using, deleting, examining, copying, or modifying files or data on disks belonging to other users without their consent is prohibited.
2. Unauthorized, deliberate action that damages or disrupts a computing system, alters its normal performance, or causes it to malfunction is prohibited. Deliberate crashing of systems is expressly forbidden.
3. Using software designed to destroy data, provision of unauthorized access to computer systems, and decoding passwords is prohibited.
4. Loading software on any computer without authorization of computer personnel is forbidden. This includes commercial shareware, and freeware.
5. Making illegal copies of licensed or copyrighted software music CD's or DVD's is prohibited.
6. Use of school computers for non-educational or non-school related activities is prohibited unless authorized by the administration.
7. Use of the Internet without a clearly defined educational objective, understood by both student and facilitator, is not allowed.
8. Loading or downloading any material that may constitute harassment, sexual or otherwise, is prohibited.
9. Use of the Internet to view, copy, save or distribute unauthorized text files, graphic files, sound files or video files, is forbidden.
10. Deliberate vandalism to the computer, monitor, mouse, printer, or other peripheral device is prohibited.
11. Use of the internet to shop or search for inappropriate content (such as violence or weapons) is prohibited
12. Video games are not to be played, unless approved by a teacher

Network Computing Policy

The Kihei Charter School Board of Governance is providing Internet access to students and staff members as an extension of our educational resources in order to promote resource sharing, collaboration, innovation and distance learning, for the express purpose of fostering academic achievement. The Board realizes its responsibility to provide adequate security to its network by various means of appropriately restricting access to the network and educating students and staff about appropriate and inappropriate usage. Since the Internet is a global network, it is not possible to control or restrict access to all controversial or objectionable materials; however, every possible effort will be made to do so. KCS uses programs such as Lan School and Bark to monitor its network for inappropriate usage.

The users of the network are responsible for respecting and adhering to local, state, federal, and international laws. Any attempt to violate those laws through the use of the network may result in litigation against the offender by the proper authorities. If such an event should occur, the Kihei Charter School Board of Education will fully cooperate with authorities to provide any information necessary for the litigation process.

Network and Computing System Security

As a user of a network, you may be allowed to access other authorized networks (and/or the computer systems attached to those networks). Therefore:

1. The use of systems and/or networks in attempts to gain unauthorized access to remote systems is prohibited.
2. The interception, copying, distributing, decryption or utilization of the login names and/or passwords of others is prohibited.
3. Intentional attempts to “crash” network systems or programs are prohibited.
4. Any attempt to secure a higher level of privilege on network systems is prohibited.
5. Decrypting system or user passwords is prohibited.
6. Copying system files is prohibited.
7. Introducing computer “viruses” and/or disruptive/destructive programs into the local or remote network is prohibited.
8. Deliberate physical destruction, defacing, scratching, or graffiti of technology equipment is prohibited. Any attempt to circumvent school-implemented security and filtering or blocking software is prohibited.

Computing Policy Violation Consequences

Any violation of the above stated rules will result in disciplinary action that includes but is not limited to the following:

1. Temporary or permanent loss of computer privileges
2. Detention
3. Disciplinary behavior contract
4. Referral to the local School Board
5. Legal action

The Kihei Charter School network and computing systems are to be utilized exclusively for education-related functions and applications unless the user is expressly granted permission by the administration to do otherwise.

The use of technology for learning represents a substantial part of the KCS curriculum and as such, KCS placement may not be the appropriate educational placement for students who cannot utilize technology safely and appropriately for their KCS school work. In order to determine the most effective placement for the student, there will be a meeting with parents, the student, and administrators to determine alternative educational choices for the student within or beyond Kihei Charter School and/or referral to the Local School Board to determine further action.

Personal Handheld Technologies

Kihei Charter School understands that our students live in a rapidly changing society. However, technologies such as cell phones, iPods, iPads, handheld game systems, etc. can at times become major distractions for our students and disruptive to the learning environment. Our students need to be present, focused, and ready to work on the task at hand. **Handheld technologies are to be restricted to time away from the classroom and are only permitted for use during class time when they are part of the learning activity as designed by the facilitator.** If students are demonstrating inappropriate use of these technologies, they will be confiscated. Cell phones are not permitted at any time for K-12 students. See your child's divisional section for cellphone guidelines.

KCS highly discourages students from bringing valuable electronic devices to school. Disagreements and issues about theft, ownership, borrowing items, lost items, broken items, etc. have detracted from the learning environment. If students choose to bring valuables to school, they are assuming full responsibility for these items—the school is not responsible for items that go missing or get broken during the school day.

Email Policy

Communication is vital and email should be checked everyday.

Electronic mail is a message sent by or to a user in correspondence with another person having email access. The electronic mail system is to be used for school-related business pertaining to

the educational process. Whenever you send electronic mail, your assigned user name is included in the mail message. The user is responsible for all electronic mail originating from the user's name. E-mail is not private and should not be considered private. It will be monitored for appropriate usage and content on a periodic basis. Therefore:

1. Sending electronic mail messages using an unauthorized user name is prohibited. Any unauthorized attempt to read, delete, copy or modify the electronic mail of other users is prohibited.
2. Attempts at sending harassing, obscene, and/or other threatening electronic mail to another user are prohibited. This includes the use of insulting, sexist, racist, obscene, or suggestive electronic mail.
3. The use of abusive or otherwise objectionable language in either public or private messages is prohibited.
4. Attempts at sending unsolicited junk mail, "for profit" messages, or chain letters are prohibited.
5. Use of e-mail for non-educational or non-school related purposes is prohibited unless authorized by computer personnel.

Further, Kihei Charter School is obligated to cooperate with local, state, or federal officials in any investigation concerning or relating to any email misuses on our computer system.

Students will be required to set up an email account for school business.

PowerSchool

Kihei Charter School is a PowerSchool. PowerSchool is a web-based student information system (SIS) from Pearson that provides real-time information to families, over the Internet. With PowerSchool, parents gain immediate access to their children's grades and students can track their own progress.

With PowerSchool, parents and students can:

- Easily access student grades anytime, anywhere.
- Communicate with teachers.
- Track attendance in real time.
- Check lunch balances.

With PowerSchool, students can track their grades and have access to assignments and information about their individual progress. This enables students to become more accountable for their own academic success.

Wellness

Wellness Policy for Kihei Charter School

The Kihei Charter School Board of Education is committed to creating a healthy school environment that enhances the development of lifelong wellness practices to promote healthy eating and physical activities that support student achievement and personal satisfaction.

Nutrition Education

Nutrition education, a component of comprehensive health education, shall be offered to all students of Kihei Charter School. Nutrition education that teaches the knowledge, skills, and values needed to adopt healthy eating behaviors shall be integrated into the curriculum when appropriate. Nutrition education information shall be offered throughout the school, including but not limited to school dining areas and classrooms. Staff members who provide nutrition education shall have appropriate training as needed. The school shall implement a quality nutrition education program that addresses the following:

Curriculum:

- A curriculum aligned with the Hawaii Health Education Content Standards.
- Equips students to acquire the knowledge and skills needed to engage in sound nutrition behavior.

Instruction and Assessment:

- Aligns curriculum, instruction, and assessment.
- Builds students' confidence and competence in making healthy nutrition choices.
- Engages students in learning that prepares them to choose a healthy diet.
- Includes students of all abilities.
- Is taught by "highly qualified" teachers of health education.

Opportunity to Learn:

- Includes students of all abilities.
- Provides instructional time to build students' confidence and competence in health-enhancing skills.

Nutrition Standards

The school shall ensure that reimbursable school meals meet the program requirements and nutrition standards found in federal regulations. The school shall encourage students to make nutritious food choices. The school shall monitor all food and beverages sold or served to

students, including those available outside the federally regulated child nutrition program. The district shall consider nutrient density and portion size before permitting food and beverages to be sold or served to students. The school's director and administration shall continually evaluate vending policies and contracts. Vending contracts that do not meet the intent and purpose of this policy shall be modified accordingly or not renewed.

The school offers a school meal program with menus meeting the meal patterns and nutrition standards established by the United States Department of Agriculture (USDA). The school shall encourage students to make food choices based on the most current Dietary Guidelines for Americans. Food and beverages that compete with the school's policy of promoting a healthy school environment shall be discouraged.

Each divisional program in the school shall offer and promote the following food and beverages in all venues outside federally regulated child nutrition programs:

- Whole and enriched grain products that are high in fiber, low in added fats and sugars, and served in appropriate portion sizes consistent with the current USDA standards.
- Fresh, frozen, canned or dried fruits and vegetables using healthy food preparation techniques and 100 percent fruit or vegetable juice in 12-ounce servings or less. A priority on serving fresh fruit and vegetables will always be given
- Non-fat, low-fat, plain and/or flavored milk and yogurt, nonfat and/or low-fat real cheese, rather than imitation cheese.

Offer the following serving sizes:

- Yogurt in eight-ounce servings or less, milk in 16-ounce servings or less, cheese in 1.5-ounce (two-ounce, if processed cheese) servings or less
- Nuts, nut butters, seeds, trail mix, and/or soybean snacks in one-ounce portions or less; portions of three ounces or less of cooked lean meat, poultry, or fish using healthy food preparation techniques
- Accompaniments (sauces, dressings, and dips), if offered, in one-ounce servings or Less.

The school will monitor food service distributors and snack vendors to ensure that they provide predominantly healthy food and beverage choices that comply with this policy's purpose in all academies.

- The school discourages using food as a reward.
- The school does not approve outside food for potluck meals or celebrations of any kind, as the school cannot ensure the safety of food handled by non-school employees.
- Should either of the above happen, Kihei Charter School could lose our national food subsidy and our food service program.
- The school will only allow healthy fundraisers as alternatives to fundraising that involve selling food items of limited nutritional value, such as candy, cupcakes, or sugary Beverages.

- Students may not have food delivered to the campus from outside restaurants or food delivery services

Physical Education and Physical Activity Opportunities

The school offers physical education opportunities that include the components of a quality physical education program. Physical education will equip students with the knowledge, skills, and values necessary for lifelong physical activity. All students, K-12, have the opportunity to participate in regular physical activities, either organized or unstructured, intended to maintain physical fitness and to understand the short- and long-term benefits of a physically active and healthy lifestyle.

Other School-Based Activities Designed to Promote Student Wellness

The school strives to create a healthy school environment that promotes healthy eating and physical activity. In order to create this environment, the following activities shall be implemented:

Dining Environment. The school provides:

- A clean, safe, enjoyable meal environment for students.
- Enough space/serving areas to ensure all students have access to school meals with minimum wait time.
- Drinking fountains, so that students can get water at all times.
- Encouragement to maximize student participation in school meal programs.
- Identity protection of students who eat free and reduced-price meals.

Time to Eat. The school ensures:

- Adequate time for students to enjoy eating healthy foods with friends in schools.
- That lunch time is scheduled as near to the middle of the school day as possible.

Food or Physical Activity as a Reward or Punishment. The school:

- Prohibits the use of food as a reward or punishment in schools.
- Does not deny student participation in recess or other physical activities as a form of discipline or for classroom make-up time.
- Does not use physical activity as a punishment.

Consistent School Activities and Environment. The school:

- Ensures that school fundraising efforts support healthy eating and physical activity.
- Provides opportunities for on-going professional training and development for food service staff and teachers in the areas of nutrition and physical education.
- Encourages parents/guardians, teachers, school administrators, students, food service professionals, and community members to serve as role models in practicing healthy eating and being physically active, both in school and at home.

- Provides information and outreach materials about other Food and Nutrition Service programs such as Food Stamps, and Women, Infants, and Children (WIC) to students and parents/guardians.
- Encourages all students to participate in the National School Lunch program.

Prohibited beverages:

- Sodas - (diet and regular)
- Energy drinks (including, Monster, Red Bull, C4, Bang, etc.)

Administrative Rules Regarding Kihei Charter School's Local Wellness Policy

In order to enact and enforce KCS's Local Wellness Policy, the administrative team will follow the administrative rules as outlined in this policy. To assist in maintenance of a healthy school environment, the school shall establish a Coordinated School Health Committee (CSHC) that will provide an annual review and evaluation of the KCS Local Wellness Policy and these administrative rules. CSHC members should be comprised of teachers (including specialists in health and physical education), parents/guardians, students, and representatives of the school food service program, school board members, school administrators, and the public. The school administration shall report to the local school board, as requested, on the school's programs and efforts to meet the purpose and intent of this policy.

No outside food deliveries to campus

Due to health and safety reasons, the office does not accept food or drinks from the outside for students. No outside food shall be delivered to campus during school hours. The office will not accept delivery of foods (e.g. Uber Eats, Door Dash, etc.). Students receiving outside food from friends or family (e.g. from the parking lot or area fronting the school) shall be warned by staff and referred to administration, if necessary. Classroom activities involving food should be cleared with the teacher in advance. If your child has special dietary concerns, please contact an administrator.

Head Lice (Ukus) Department of Education Policy.

Purpose: To reduce and detect the spread of infestation and to promptly refer those with signs for treatment.

We encourage all students and staff to tie back long hair and check hair on a regular basis. All students and staff are discouraged from touching one another's hair and/or sharing hair accessories and belongings.

The following observations made by school staff will warrant a call home:

- Itching and/or scratching
- Presence of head lice (Ukus)
- Presence of eggs (Nits - minute teardrop shaped objects, which vary from yellowish brown to white)

- Secondary infection (infected sores from scratching)

If live ukus or untreated nits are found, parents/guardians will be notified and provided with information regarding possible treatment and resources. Parents/guardians may be asked to pick up their student to begin treatment immediately.

Other Important Information

After School Hours

All students who remain on campus after being dismissed for the day must be participating in a supervised activity or under the supervision of a school employee. Students are not permitted in areas of school facilities that are not supervised.

Campus Sales and Solicitations

Only school organizations are permitted to sponsor sales and fundraisers during the school year on campus or at a school event. All sales and fundraising must be approved by the administration.

School Events

All school rules and expectations (including the dress code) are enforced during school events. Parents/Guardians will be called to pick up students who are not meeting expectations and the appropriate consequences will follow.

- Age limitations on guests for events are enforced.
- High school guests must be in grades 9-12 and not older than 20. Valid picture IDs are required for guests. No picture ID = No entry.
- The school reserves the right to refuse entry to anyone who is dressed inappropriately, is suspected of being intoxicated/under the influence of an illicit substance, or does not have a valid picture ID.

Meal Program

Kihei Charter School participates in the USDA National School Lunch and School Breakfast Program. This means that:

- Students may be able to purchase meals at a reduced price or receive free meals, based upon household income.
- Households must apply every school year and qualify to receive this benefit
- KCS must follow the established regulations of the U.S. Department of Agriculture.

Meal prices are as follows:

Student Lunch	\$4.00
Student Lunch (Reduced Price)	\$0.40
Student Breakfast (Full Price)	\$2.00
Student Breakfast (Reduced Price)	\$0.30

****All prices are subject to change**

Lunch payments are to be made in advance. If a student begins to accrue a negative balance, the following steps will be implemented:

- At -\$5.00 an email will be sent home.
- At -\$20.00 a second email will be sent home and a phone call to the parent/guardians will also take place.
- At -\$35.00 the student will no longer be able to be served the school lunch, and email will be sent home, a phone call to the parent/guardian will take place, and the student's account will be on hold until the account is returned to positive.

Visitors to the School

All visitors must report to the front office upon entering the campus. The instruction of students will not be interrupted to meet with a visitor, nor will the office staff be responsible for transmitting any messages. Parents/guardians should be prepared to identify themselves to the satisfaction of an administrator in order to meet with or to take a student from school. Parents and guardians should not expect to be able to meet with a faculty member or administrators without prior arrangement. Students should not bring visitors to school as they will not be permitted to attend classes with them. Students who are interested in attending Kihei Charter School can make arrangements for a tour, with their parents, by contacting administration. All visitors to campus must park on the street during school hours. Do not park in the front of the school during arrival or dismissal. There is no visitor parking in the staff parking lot.

Lost and Found

Articles of value found by students should be submitted to the front office. Inquiries regarding lost articles should also be made to the front office. Lost and found is located in the cafeteria.

Signing Students Out of School

Frequently students need to leave school for appointments and other reasons. A written note from the parent or guardian should accompany each request and should be delivered first thing in the morning. Parent cooperation is appreciated. *All students should be signed in and out at the front desk when arriving late or leaving early.*

Sales and solicitations

Solicitations of funds or services for school clubs and teams must be authorized by the school administration. Unauthorized sales shall be referred to the administration for possible disciplinary action. Individual or personal food sales by students is strictly prohibited.

Liabilities

Students may be furnished with learning materials as required, free of charge. These are issued by the facilitator and must be returned when students discontinue use. Care should be taken to

keep from damaging or losing these materials. A student must pay for damaged or lost materials at the replacement cost.

Following the occurrence of a liability, a reminder will be sent home with the next progress report or in lieu of the next report card. No student will receive a report card, transcript, or other student records, until all school liabilities have been satisfied.

Liabilities may be due to:

- a. Athletic obligations
- b. School fees
- c. Lost or damaged textbooks, library materials, electronic devices, or media
 - d. Vandalism to school property
 - e. Lunch balance

Access to Teacher Qualifications

Federal law allows all parents/guardians the right to ask for certain information about your child's classroom teacher(s) and educational assistant(s), and requires the school to give this information in a timely manner upon request. You have the right to ask for the following information about each of your child's teachers(s):

1. Whether the teacher has met the licensing criteria and has earned the designation of Highly Qualified for the grade levels and subject areas in which he/she teaches.
2. Whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived.
3. The teacher's college major, whether the teacher has any advanced degrees and, if so, the subject of the degrees; and
4. Whether any teacher aides provide services to your child and if they do, their qualifications.

FERPA and Directory Information

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18. Students to whom the rights have transferred are "eligible students." Other important aspects of FERPA include:

1. Parents or eligible students have the right to inspect and review the student's education records maintained by the school.
2. Parents or eligible students have the right to request that the school correct records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing with the Local School Board. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

3. Generally, the school must have written permission from the parent or eligible student in order to release information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31): School officials with legitimate educational interest; other schools to which a student is transferring; specified officials for audit or evaluation purposes; organizations conducting certain studies for or on behalf of the school; accrediting organizations; to comply with a judicial order or lawfully issued subpoena; appropriate officials in cases of health and safety emergencies; and State and local authorities, within a juvenile justice system, pursuant to specific State law.

The school may disclose, without consent, "directory" information regarding students. KCS defines these directory items to include a student's name, grade level, honors and awards, and dates of attendance. Parents and eligible students may request that the school not disclose directory information, if the school in writing receives such a request, in a timely manner.

Student Acts Requiring Disciplinary Action - Chapter 19, Student Misconduct and Discipline

Unlawful student conduct, acts prohibited by State law, are strictly prohibited and enforced during school hours, on school premises or during school-supervised activities. Kihei Charter School enforces the rules and regulations of Title 8 Department of Education Chapter 19 Administrative Rules. [Chapter 19](#)

Progressive Discipline Protocol

Most routine discipline problems at the Kihei Charter High School will be dealt with using four steps. These steps may vary due to situations in individual classrooms.

- A. The first time a student breaks a rule; the staff member will give the student a verbal reprimand, or take other appropriate action.
- B. The second time the student misbehaves, the staff may decide to take away a privilege or take other appropriate actions. This action will be logged in Powerschool by the staff member.
- C. For the third offense, the discipline support staff will contact the parents telling them of their child's unacceptable behavior. The staff may also administer a consequence, and log in Powerschool.

- D. On the fourth offense, the student will be referred to the Director. The Director will also administer a consequence ranging from detention to out-of school suspension, etc. If the student is kept after school, the parents will be notified in advance.

All inappropriate violations or actions not covered in this code can be dealt with by the building administrator on an individual basis.

NOTE: Out of school suspensions totaling no more than ten (10) days may be imposed on Special Education students under an existing IEP. Each time a new IEP is held, a new ten (10) day "clock" begins. In the event that a longer term of suspension is sought for a special education student, a conference must be convened to determine whether the student's program is appropriate, whether the student was aware of and understood the rules, and whether the misbehavior was a manifestation of the student's handicap.

If the IEP established that the student's program was appropriate, that the student was aware of and understood the rules, and that the student's misbehavior was not manifestation of the handicap (and this determination is not appealed) then a suspension of more than ten (10) days may be imposed. However, even under such circumstances, the District is not permitted to terminate special education services, but must continue to provide special education services even during the course of a long-term (more than ten (10) days) suspension, it is appropriate that another conference be convened to determine what certain special education services will be provided to the student during the suspension term.

School Core Values

With our focus on educating the whole child, Kihei Charter School seeks to ensure that our students become competent learners who embody our core values of:

SHARK

S – Show Integrity **H** – Ho’omau I Ka Po’okela **A** – Aloha **R** – Respect **K** – Kaizen

KCS Pillars

Respect **Everything Speaks** **Effort Creates Ability** **Ownership**

Teacher Websites

Google Classroom - On this site you will find: grade level assignments for home and virtual work, as well as upcoming events and school announcements. Teachers will reach out to parents with the information needed to access each site.

In addition, teachers also maintain teacher web sites that detail their assignments, rubrics, and offer support to students in the form of examples, links, additional resources, guided notes, etc. It is expected that parents and students check in with these websites on a regular basis in order to stay abreast of academic progress and happenings at the school.

Academic Policies and Behavioral Supports for Students

Elementary student grades are weighted according to the following formula:

- 25% Homework/Classwork
- 25% 21st Century Skills
- 50% Assessments

KCS is a student centered, project based school. Students are required to use their 21st century skills in completing the standards for each class. To successfully pass a course a student must earn a 70% or higher. A student’s final grade is calculated by taking the average of their semester 1 and semester 2 grade.

[Link to 21st Century Skill Rubric](#)

Emergency Drills

Students will be informed of the appropriate action to take in an emergency. Elementary drills for fire, weather and other emergencies shall be conducted monthly each school year in accordance with the requirements of counties, municipalities or fire protection districts in which school buildings are located.

Before-school and After-school Care

Students may not be dropped off before 7:00 a.m. They will be supervised in the quad areas within the school grounds until classes begin.

Students in grades K-5 may attend after school care until 3:30. Students must be picked up promptly at that time.

Open Lab

Open lab is also available for students in grades 4-5 for one hour after school Monday through Thursday . Parents must verify with their student when they will attend open lab. The lab opens 5 minutes after dismissal. Students will not be admitted into the lab after that time. Students do not have to sign up for lab time, but it is a first come first serve basis. Parents are required to pick up students immediately after open lab is over at 3:30.

Students MUST have schoolwork to complete – there are no opportunities to play games during open lab.

Elementary School Student Drop Off and Pick Up Procedures:

Student safety is a primary concern at Kihei Charter School. As a charter school, we do not have the ability to provide transportation for our students. It is the parent/guardian's responsibility to provide transportation for your child to and from school in a timely manner.

- **The drop off and pick up point for all students is in front of the school.** The area in front of the building is a loading and unloading zone only. Please say goodbye quickly to your child and keep your car moving except for during active loading and unloading of students. Please park your car on side streets if you will be stopping to enter the campus. Traffic must be able to flow during all drop off and pick up times.
There is no parking or student pick up/drop off in the staff parking lot.
- All students should be **dropped off no earlier than 7:00 am Monday through Friday. Breakfast will be served from 7:35-8:15.** If your student will be eating breakfast, please ensure they are at school in plenty of time to eat. They will be marked tardy if they enter the classroom after instruction begins. Once your child has been dropped off, they are not permitted to leave campus without permission.

- If you have students in multiple divisions, choose an appropriate time to drop off your student in order for all students to attend class on time.
- Pick up in front of school. The earlier dismissal time is reserved for students in grades K-3. Traffic must be able to flow. If your child is late getting out, please circle around so that other parents may pick up their child. **Parents should not use pick up time to conference with teachers.**
- Students must walk around the cul de sac or use the crosswalk to cross the street. No one is permitted to cross in the middle of the street.
- **Only adults listed in powerschool or the emergency contact form will be permitted to pick up students.**

Elementary Dismissal

K-3 - 2:00; Wednesday 1:00

4-5 - 2:15; Wednesday 1:15

Orientations, Open Houses, and Exhibitions

It is expected that parents will attend any and all mandatory parent orientations, school open houses, and student exhibitions of work throughout the school year.

Expectations of Students

Education is our fundamental function, and we are committed to ensure that each student shall have the best opportunity possible to grow academically, emotionally, and socially to become productive citizens able to function in society. In support of this, the Kihei Charter School general discipline policies seek to:

1. Promote a safe and secure learning environment.
2. Promote positive self-esteem so as to prevent students from acts which impede the learning process or which are self-defeating, self-destructive or anti-social.
3. Promote responsible student conduct throughout the school day and at all school-sponsored activities.
4. Maintain appropriate student demeanor while the student's educational activities and responsibilities remain uninterrupted.

Behavior of Students

Effective discipline requires the mutual respect and involvement of the total school community. The KCS discipline policy is designed to support positive behavior and teach, counsel and redirect unacceptable conduct.

Progressive discipline is based upon the belief that an individual does not have the right to infringe upon the rights of others. All people concerned with the school have the responsibility to create a positive environment within the building, on school property, and at any school event.

Students that demonstrate behavior listed under the Disciplinary Infractions will follow the Progressive Disciplinary Policy. Based on the nature of the infraction, students may start at any step as determined by the teacher and/or administrator and not all infractions are inclusive.

Progressive Discipline Policy

Step 1: Verbal Warning

- Classroom consequences will be implemented.

Step 2: Written Reflection/Parent/Guardian Notification

- Reflection to be signed by both the student and parent/guardian
- Parent/guardian will be contacted

Step 3: In-School Detention

- Detention assigned and written reflection to be signed by both the student and parent/guardian
- Parent/guardian will be contacted

Step 4: Parent Conference

- A conference will be scheduled to discuss the student infractions which could result in further disciplinary actions to include, but not limited to, detention, student behavior contract, and/or in-school or out-of-school suspension.

Disciplinary Infractions

- Defiance
- Failure to Obey Classroom or School Rules
- Inappropriate Use of Technology
- Unapproved Use of Cell Phones or Other Electronic Devices
- Dress Code Violation
- Inappropriate Language or Physical Contact
- Misuse/Vandalism of School Property
- Unexcused Tardies
- Fighting/Harassment

- Possession of Drugs, Alcohol or Tobacco-Related Products
- Cheating/Plagiarizing
- Other Infractions as Determined by the Dean, Director or outlined in Chapter 19, Student Misconduct and Discipline

Consistent Effort and Active Participation

The foundational belief of this school is that **"EFFORT CREATES ABILITY."** Students are expected to show up each day prepared to positively participate in all activities and to give each of their tasks their best effort. Many of our in-class projects will require the students to work together in order to complete the assigned task. In addition to giving their best effort, students are expected to display and employ positive interpersonal skills at all times. Teamwork and the idea of always **"SPEAKING WITH GOOD PURPOSE"** are two of the most important concepts when students engage in group problem-based assignments.

Homework

Students may be required to complete extension work, or to participate in activities and events outside of school hours (such as exhibitions) as assigned throughout the year. This is part of the commitment that families make by choosing the Charter School. Homework is at the discretion of the teacher.

Dress Code and Logo Wear (School Shirts)

Students in grades K-5 are required to wear dress code appropriate clothing and logo wear each day of school. Students are expected to arrive at school prepared for the day's activities and in their appropriate logo wear. Students need to be appropriately dressed in order to attend class. Hoodies are not allowed and jackets must be unzipped. **School logo t-shirts must be visible at all times.** Shirts may be purchased at the front office. Parents and students are urged to review the student handbook for other dress code guidelines.

Cell Phone Policy

Students are not to use their cell phones during class unless directed to do so by the classroom teacher. We understand that at unique times it becomes necessary for a parent/guardian to communicate with their child during the course of the school day. In this case, we expect parents/guardians to contact the front desk at 875-0700 in order to deliver urgent messages to their child during the regular school day.

At times, the classroom teacher may collect cell phones at the beginning of the day and store them in a secure, locked location. They will be returned at the end of the school day.

If students are using cell phones without permission, they will be confiscated and parents/guardians will be notified.

KCS Wellness Policy

Class treats that follow the school wellness policy are acceptable. The following food items are highly discouraged and may not be allowed in school:

- Cupcakes
- Doughnuts
- Gum
- Sugary drinks and/or soda
- Candy
- Cake or brownies
- Homemade foods

Please check with your child's teacher before sending treats to school.

Classroom Celebrations

Parents/guardians must get approval from and make arrangements with the classroom teacher in advance. Food/beverages must be left in the front office. Parents must sign in at the office prior to going to their child's classroom. All treats must be store bought and individually wrapped. Refer to the KCS Wellness Policy

Checking Students Out of School

Students may need to leave school for appointments and other reasons. We require that requests are accompanied by a written note from the parent or guardian upon arrival in the morning. Please notify the school early if the student is released for a scheduled appointment.

KCS PILLARS

Our Pillars are the foundation of our school culture and academics. We hold these values to be the core of which our students build upon to create persons of good character and knowledge.

Respect Everything Speaks Effort Creates Ability Ownership

These characteristics are encouraged throughout the school year and students are recognized quarterly for their display of these values.

Dress Code and Logo Wear (School Shirts)

Students in grades 6-8 are required to wear dress code appropriate clothing and logo wear each day of school. Students are expected to arrive at school prepared for the day's activities and in their appropriate logo wear. Students need to be appropriately dressed in order to attend class. **School logo t-shirts must be visible at all times - No Pull-Over hoodies, sweatshirts or sweaters allowed. A jacket that is unzipped or a long sleeve UNDER the KCS logowear is allowed**

Students who are not in dress code must either call home for parents to bring appropriate clothes and/or logo wear, or may be subject to an additional fee to purchase a school logo t-shirt.

Students may wear comfortable clothing along with their logo t-shirt; properly fitted slippers may be worn. Students must wear closed toe shoes during PE.

Academic Policies

Grading

Middle School student course grades are weighted according to the following formula:

25% Homework/Classwork

25% 21st Century Skills

50% Assessments

KCS MS is a student centered, project based school. Students are required to use their 21st century skills in completing the standards for each class. To successfully pass a course a student must earn a 70% or higher. Promotion to the next grade level is indicative of a student's

year 1 grade. **Remediation will be required should a student receive a 0-69% in any core class which is math, science, English/Language Arts or social studies. Students who receive 0-59% in three or more core classes are at high risk of repeating the grade.** It is a priority of KCS

facilitators to address student academic deficiencies before remediation is needed. A student's final grade is calculated by taking the average of their semester 1 and semester 2 grade. [Link to 21st Century Skill Rubric](#)

Phone/Electronic Device Policy

KCS understands that students may have a cell phone or other electronic device that is brought to school, however, students are never allowed to use these devices during the school day. The only exceptions being cell phone use only before and after school.

In order to prevent the use of cell phones or other electronic devices, including ear buds, during the school day, the following procedures will be enforced:

- If a middle school student chooses to bring a device to school, he/she will place it in a class locker during their 1st period.
- The students then return to their 1st period teacher to retrieve their phone at the end of the school day.

If a student is seen with a device during the day, it will be confiscated and the parent/guardian will need to retrieve it from the school office at the end of the school day. Students will not be allowed to get their device.

At times it may be necessary for a parent/guardian to communicate with their child during the course of the school day due to an emergency or unforeseen circumstance. In this case, we expect parents/guardians to contact the Kihei Charter School front desk at 808-875-0700 in order to deliver urgent messages to their child during the regular school day. If a student needs to contact a parent/guardian, they may request permission to use the phone at the front office.

Behavior of Students [Link to KCS Discipline Policy](#)

Education is our fundamental function, and we are committed to ensure that each student shall have the best opportunity possible to grow academically, emotionally, and socially to become productive citizens able to function in society. In support of this, the Kihei Charter School

general discipline policies seek to:

1. Promote a safe and secure learning environment.
2. Promote positive self-esteem so as to prevent students from acts which impede the learning process or which are self-defeating, self-destructive or anti-social.
3. Promote responsible student conduct throughout the school day and at all school-sponsored activities.
4. Maintain appropriate student demeanor while the student's educational activities and responsibilities remain uninterrupted.

Effective discipline requires the mutual respect and involvement of the total school community. The KCS discipline policy is designed to support positive behavior and teach, counsel and redirect unacceptable conduct.

Progressive discipline is based upon the belief that an individual does not have the right to infringe upon the rights of others. All people concerned with the school have the responsibility to create a positive environment within the building, on school property, and at any school event.

Lunch

Students may bring a homelunch that follows the KCS Wellness policy or they may purchase lunch from the cafeteria. Students cannot order lunch and have it delivered to campus. It is also frowned upon to have family members deliver lunches during the school day.

Athletics

KCS MS is proud to offer a wide variety of athletics. Being a part of a team teaches students discipline, time management and teamwork. In many ways, students use the 21st century skills taught in the classroom on the playing field. Athletes must understand that they are a representative of our school and should practice respect and good sportsmanship above athleticism. Athletes are required to maintain their grades above a 70% or risk being excluded from sporting events. All students will be required to send their weekly grade checks to their parents, advisors as well as their coaches to ensure students are qualified to participate. Sports being offered this year include:

Basketball Track Golf Cross Country Soccer Volleyball Flag Football

Academic Policies

Grading

High School student course grades are weighted according to the following formula:

- 25% Homework/Classwork
- 25% 21st Century Skills
- 50% Assessments

The KCS academic year is divided into semesters and students work toward earning half credits each semester for full year courses that are worth one credit. For full year courses that are worth .5 credit, a student's final grade is calculated by taking the average of their semester 1 and semester 2 grade.

Students must earn at least a 70% in order to receive credit for courses. While it is not the expectation for Kihei Charter School students to earn below 70% on homework/classwork, 21st Century Skills, and assessments, it is the primary goal of the school to facilitate the academic success of all students. Students who earn between 60% and 69% will have the opportunity to remediate their work toward earning a 70% in the course and thereby earning credit for the semester. The nature of remediation will be determined by the teacher and take place at the start of the spring semester or during summer recess. The student will have two weeks to remediate work from the previous semester. In order to be eligible for credit remediation, the student must apply directly to the teacher for this opportunity.

The KCS High School grading scale is as follows, and this includes all virtual courses:

97 - 100	A+	4.3
94 - 96	A	4.0
93 - 90	A-	3.7
87 - 89	B+	3.3
84 - 86	B	3.0
80 - 83	B-	2.7
77 - 79	C+	2.5
74 - 76	C	2.3
70 - 73	C-	2.0
60 - 69	I	0.0
0 - 59	F	0.0

Grades earned in Early Admit dual enrollment courses through University of Hawaii Maui College (UHMC) will be weighted as follows:

A	5.0
B	4.0
C	3.0
D	1.0
**** F	0.0

**** Please note: It is not the expectation of either the school or college that students participating in the Early Admit program earn Ds—doing so indicates that the student may not be ready to participate in collegiate level courses. If a student receives a D in an Early Admit course, or their grades in KCS classes fall below expectations, the student’s continued participation in the Early Admit program will be reviewed.

Late Work

Late work will be assessed a 10% penalty of the total point value of the assignment for each school day that it is late.

If a student has either an excused absence, or a school related absence, they have the equivalent amount of days missed to turn in their missed work, with no penalties. Vacations are not considered excused absences.

Athletic Participation for High School

High school students may participate on our Maui Interscholastic League (MIL) basketball (boys), cross country, diving, golf, paddling, tennis, soccer (boys), surfing, swimming, track and field, or volleyball (girls) teams. If KCS does not offer a team in a given sport, students may play for their "home" school (ie. the public high school nearest to their home). More detailed information can be obtained directly from the Athletic Coordinator.

Students must meet the eligibility requirements in order to participate in MIL sports. Students must maintain a 2.0 GPA, have no F’s or I’s in any class, abide by school rules, and are limited to four (4) years of participation. Grades will be checked on a weekly basis during the season. If a student is failing a course, they are not eligible to attend practice or compete until the grade is raised. The student must attend a minimum of 80% of all practices and contests within a specific sport season. For a sport that crosses over from Semester 1 to Semester 2, the Athletic Coordinator shall ensure that work is collected and graded over the break, and will redetermine eligibility at that time.

Student athletes should display high standards of conduct and citizenship, and comply with the Board of Education's Chapter 19 student misconduct code and all requirements of this Handbook.

Student athletes may not use, possess, or distribute tobacco, alcohol, and/or illicit drugs. This applies at all times, both during the season and during the off season. The athletic director and high school director may determine the appropriate discipline, if any, for violations of this provision. Depending on the seriousness of the violation, the penalties can range from a game suspension to a permanent denial of participation in athletics.

When the student meets the academic participation expectations detailed above, they can earn an additional .5 PE credit for each sport they participate in. All KCS students are required to take and pass 9th grade P.E.

All student athletes are expected to support the annual school fundraiser (lu`au), by either performing or working at the event. Athletes may also be asked to help fundraise for their specific teams.

Early Admit/Dual Credit College Program

Early Admit (EA) is a program offered through a partnership with the University of Hawaii Maui College (UHMC). It allows students to take college level courses and earn credit towards high school graduation and for college.

This program is available to any student enrolled in 11th or 12th grade* who:

- Is under the age of 21
- Fulfills and complies with college campus requirements
- Completes admissions forms: UH admissions application and Early Admit Dual Credit Application
- Obtains required health clearances: TB (no older than one year prior to the first day of the semester), Varicella (chicken pox) 2 doses, MMR (Measles, Mumps, Rubella) 2 doses, and Tdap (Tetanus-diphtheria-acellular pertussis) 1 dose.
- Achieves appropriate math and English scores on Accuplacer placement assessments, which will be completed online after the initial UH application is submitted.
- Maintains acceptable academic standing
- Pays college tuition, fees, and applicable textbooks and supplies

*Exceptions may be made for 10th grade students who demonstrate exceptional academic and personal responsibility and maturity, and who receive approval from both KCS and UHMC.

The decision to begin taking college courses early is an important one, and involves the student,

the student's advisor, his or her parents, school administration, and Maui College. Students who are successful in the Early Admit program are students who are self-motivated, responsible, organized, have good study skills, and do not have behavior/discipline issues.

Students earn one (1) high school credit for each Early Admit course they successfully complete.

UHMC offers one to two classes per semester on site in our high school facility, commonly referred to as "sheltered courses." The number of sheltered courses offered depends on how many students successfully apply. English 100 is offered in the fall and a rotating line of social studies courses are offered in the spring.

Before taking non-sheltered Early Admit courses on the UHMC campus, students will show success in both the fall and spring sheltered courses by earning a C or higher. The following school year, the student may take up to six credits (~two classes) in the fall and up to nine credits (~three classes) in the spring. Exceptions to this general rule are made on a case-by-case basis, and after a meeting between the student, the student's parents, and the Early Admit coordinator.

Early Admit classes are those that are 100-level or above. The school does not financially support non-Early Admit courses, except for when they are approved by the KCS Early Admit coordinator on the basis that it aligns with career track preparation (for example, courses taken within the construction or culinary arts departments that are below 100-level).

The GPA scale for Early Admit classes differs from the scale for regular KCS courses, and is as follows:

- A - 5.0
- B - 4.0
- C - 3.0
- D - 1.0
- F - 0.0

It is not the expectation of either the school or college that students participating in the Early Admit program earn D grades –doing so indicates that the student may not be ready to participate in collegiate level courses. If a student receives a D in an Early Admit course, or their grades in KCS classes fall below expectations, the student's continued participation in the Early Admit program will be reviewed.

If a student earns a D or below in a course, it is highly encouraged that the student not take college level courses the following semester. In the case that the student does choose to take college courses the semester after earning a D, they are required to cover the full cost of tuition for that course. The ability to take college courses after this semester-long probationary period will be based on the student's current academic performance.

In an effort to make Early Admit available to all eligible students, KCS will cover 50% of the cost of tuition for all students, and 100% of the cost of tuition and fees for students who qualify for free/reduced lunch. The cost of tuition for the 2024-2025 school year is \$131/credit hour (college courses are usually worth 3 credit hours).

Early Admit also offers a limited number of GEAR UP scholarships for eligible low-income students to cover the costs of one course. In the case that a student receives the Gear Up scholarship and is taking more than one course, KCS will only reimburse for the courses that are not covered by the scholarship.

KCS will pay UHMC directly for tuition and fees once students have enrolled in their classes. Families will be invoiced directly by KCS for their amount owed after the last withdrawal date, usually around November and April for the fall and spring semester, respectively. Please be aware that any student with an excess of \$20 in outstanding KCS lunch balance will have their tuition payments applied to their outstanding lunch balance first.

If a student drops a class during the semester, the student's family will assume responsibility for the full cost of tuition for that class. KCS will invoice the family for the amount owed to the school.

While students may choose to take Early Admit courses during the summer semester, KCS does not reimburse for these courses.

All Early Admit students are required to complete a UHMC grade check bi-weekly. They must email their current UHMC grades to their parents and KCS advisor on a regular basis.

Withdraw/Drop Policy

The Withdraw/Drop policy for students who choose to drop a KCS or Acellus virtual course after its start date, effective for school year 2024-25, is as follows:

- A class that is dropped within three (3) weeks of the start date will not appear on a student's final transcript.
- A class that is dropped three (3) to six (6) weeks after its start date will appear on a student's final transcript with a "W" to indicate that the student had withdrawn from the class.
- A class that is dropped later than six (6) weeks after its start date will appear on a student's final transcript with an "F".

UHMC Early Admit courses are also subject to UHMC's Withdraw/Drop policies, which could incur tuition fees for the student.

Promotion

Each student must earn a minimum number of credits in order to be promoted to the next grade level:

- Grade 10: Must have earned a minimum of 5 credits
- Grade 11: Must have earned a minimum of 11 credits
- Grade 12: Must have earned a minimum of 17 credits

Promotion only takes place prior to the start of the school year. Once retained, a student must remain in that grade level for the entire school year. There are no mid-year promotions. Students retained in the 11th grade are required to participate in mandatory state testing.

Modified Schedule

Juniors and seniors who either take college classes at UH Maui or have gaps in their schedule (more than a one period break) may qualify for a modified schedule.

A student who qualifies for a modified schedule must obtain a permission form from the Dean of Students. The form must be completed and signed by both the student and parent. The form will be submitted back to the Dean for verification. Once verified, the student will have a notification in Powerschool alerting office staff to when they are allowed to leave campus.

Before leaving campus during their verified gap time, the student must sign in and out at the 3rd floor admin office. Failure to sign in and out may result in losing the privilege to hold a modified schedule. Failing grades may also result in loss of a modified schedule.

**Students may NOT leave campus for lunch.

Dress Code

Kihei Charter School has set basic standards to foster a concept of appropriate dress for the school as well as a business setting. There will be times when students are expected to be dressed in a manner that exhibits a more professional demeanor, such as presentations, interviews, visitations, or field trips. While we respect students' right to freedom of expression, we must also strive to represent ourselves and KCS in the most appropriate manner possible.

Apparel considered indecent and inappropriate for the educational atmosphere of the school and school related activities is strongly discouraged. When it has been determined that a student's dress is inappropriate, the student may be asked to change their attire or they may be issued alternate attire to wear for the remainder of the day. Inappropriate accessories may be confiscated and will then be returned to the student at the end of the day or the parents may be asked to pick up the item after school.

As a guide for students, the following is an incomplete, yet helpful, list of unacceptable clothing for school as determined by the Kihei Charter School Board of Governance.:

Unacceptable:

- Items that display/contain profanity or exhibit and/or promote drugs, alcohol, or sexual themes
- Items that display/contain statements or symbols that are derogatory to one's race, gender, national origin, religion, or sexual orientation
- Bandanas, hoods, and Items that may be interpreted as promoting gang activity or an affiliation with gang activity
- Items that cause underwear to be exposed, including boys wearing undershirt tank tops (and including transparent clothing)
- Spaghetti straps, tank tops and tube tops
- "Cut-off" shorts and shorts or skirts that do not reach finger length (arms straight down from shoulders)
- Items that expose a student's hip bones or pelvic region
- Items that can be considered "midriff" or "crop tops"
- Bathing suits, lingerie, beach cover-ups, and sunglasses inside of school.
- Items that do not sufficiently cover the body
- Bare feet (i.e. not wearing shoes)
- Items that damage the floor, furniture, school or other property

If there is uncertainty regarding appropriateness of clothing, KCS director/staff will make a determination.

Administration reserves the right to make additions or deletions to the student dress code as conditions or fads change. Disruption and health and/or safety concerns would be the cause of additions or deletions to the dress code.

Students who do not meet dress code expectations may result in one and/or a combination of the following:

- Wearing of appropriate clothing as provided by school
- Wearing of inappropriate apparel turned inside out
- Calling a parent to bring appropriate clothing to school
- Reflective writing, if the behavior is persistent
- Behavior contract, if the behavior is persistent
- Suspension, as a result of persistent, insubordinate behavior

Wellness Policy

Students may not possess any prescription or over the counter medication. All medications must be held by the school's health clerk, and can be accessed as needed in the health office at any time during school hours.

Prohibited beverages:

- Sodas - (diet and regular)
- Energy drinks (including, Monster, Red Bull, C4, Bang, etc.)

No outside food deliveries to campus

Due to health and safety reasons, the office does not accept food or drinks from the outside for students. No outside food shall be delivered to campus during school hours. The office will not accept delivery of foods (e.g Uber Eats, Door Dash). Students receiving outside food from friends or family in the parking lot or in front of the school is prohibited. Students must pick up food from the front office. Classroom activities involving food should be cleared with the teacher in advance.

ID Cards

All students will be issued a student ID card after taking their school picture each year. High School students will be required to wear their ID lanyard at all times while on campus for safety purposes. Lost IDs will be replaced with a charge of \$5. Replacement ID cards must be requested and paid for at the front office. ID cards are also used by all students to make meal purchases in the cafeteria.

Cell Phones

Students 9-12 may NOT use their cell phones (or any other handheld technology) at any time in classrooms, hallways, or restrooms unless directed to do so by a staff member.

Each high school student will be given a locking pouch for the school year. All cell phones must be placed in the locking pouch during school hours. In case of emergency, or if a student needs to go home early, phones may be unlocked by a staff member in the admin suite. There will be unlocking stations out at the end of each school day.

If students are using cell phones without permission, their phones will be confiscated, locked up and returned at the end of the school day. We understand that at unique times it becomes necessary for a parent/guardian to communicate with their child during the course of the school day. In this case, we expect high school parents to contact the front desk at 875-0700 in order to deliver urgent messages to their child during the regular school day. In these cases, students

may use their phones in the administration suite, but only with the permission of an administrator.

Behavior of Students

Education is our fundamental function, and we are committed to ensure that each student shall have the best opportunity possible to grow academically, emotionally, and socially to become productive citizens able to function in society. In support of this, the Kihei Charter School general discipline policies seek to:

1. Promote a safe and secure learning environment.
2. Promote positive self-esteem so as to prevent students from acts which impede the learning process or which are self-defeating, self-destructive or anti-social.
3. Promote responsible student conduct throughout the school day and at all school-sponsored activities.
4. Maintain appropriate student demeanor while the student's educational activities and responsibilities remain uninterrupted.

Effective discipline requires the mutual respect and involvement of the total school community. The KCS discipline policy is designed to support positive behavior and to teach, counsel and redirect unacceptable conduct.

Progressive discipline is based upon the belief that an individual does not have the right to infringe upon the rights of others. All people concerned with the school have the responsibility to create a positive environment within the building, on school property, and at any school event.

Kihei Charter School follows the State's [Chapter 19](#) administrative rules for discipline

Discriminatory Language

Culturally insensitive and discriminatory comments will not be tolerated. This includes comments or gestures, based on one's ethnicity, race, religion, gender, sexual orientation, or abilities.

Graduate of Kihei Charter School

A KCS graduate is a young person who:

- Is self-directed.
- Is globally aware.
- Is civically literate and engaged.

- Can think critically and problem solve.
- Can communicate effectively with a variety of audiences.
- Demonstrates positive interpersonal skills.
- Can apply relevant information skills and is technologically literate.
- Is financially literate.
- Has demonstrated mastery of core content and knowledge.
- Understands that effort creates ability.
- Is prepared to be a lifelong learner.
- Takes ownership for their actions and decisions, and the consequences, good or bad, of those actions and decisions.
- Understands that everything speaks and therefore makes every effort to communicate effectively and utilize appropriate interpersonal skills.
- Demonstrates stewardship for our unique island environment, resources, and culture.
- Has the desire to address community issues and problems and a desire to be a community leader.
- Possesses the desire and the ability to innovate unique solutions to the problems of the 21st century.

Commencement Ceremonies

The high school graduation ceremony is held at the end of the spring semester. It is the policy of the local school board that “a student may not participate in any official graduation ceremonies or activities unless they have met all graduation requirements.” In order to participate in graduation, a student must also settle all accounts with the school.

Valedictorian

For a student to receive Valedictorian recognition, the following must apply:

- The Valedictorian must be a 12th grade student who is graduating with their cohort class during the spring.
- The Valedictorian must have attended KCS for at least five (5) consecutive semesters.
- The Valedictorian must have the highest calculated cumulative GPA (weighted) in their graduating class, as calculated after the first semester of their senior year.

In the case of more than one student having the highest GPA in the graduating class, KCS will recognize more than one valedictorian.

Director’s Choice Award

Each year the Director will choose a high school student to receive the recognition of Director’s Choice Award for graduation. In order to receive this recognition, the following must apply:

- The recipient must be a 12th grade student who is graduating with their cohort class in the spring.

- The recipient must have attended KCS for the entirety of their high school career.
- The Director's Choice Awardee must exemplify the vision of a KCS graduate.

Only one student will be chosen from each graduating class to be recognized as the Director's Choice recipient.

James Sparke Meritorious Award

Each year a member of the high school graduating class will be honored by the athletic coaches as an outstanding student, athlete and citizen. To qualify for the award a student must:

- Be a member of the graduating class.
- Have attended KCS for four years of high school.
- Have participated in MIL athletics for all four years of high school.
- Displayed sportsmanship, leadership and integrity on and off the playing field.
- Have a strong academic record
- Have engaged in self-directed community service activities
- Epitomize the values taught by former Athletic Director James Sparke.

Kaizen Award

Each year the Director will choose a high school student to receive the recognition of the Kaizen Award for graduation. In order to receive this recognition, the following must apply:

- The recipient must be a 12th grade student who is graduating with their cohort class in the spring.
- The recipient must have attended KCS for the entirety of their high school career.
- The Kaizen Awardee must exemplify the value of "Kaizen", meaning "change for the better" or "continuous improvement."

The Head of School will chair the selection committee. Only one recipient will be honored annually.

KCS PILLARS

Respect Everything Speaks Effort Creates Ability Ownership

Our Pillars are the foundation of our school culture and academics. We hold these values to be the core of which our students build upon to create persons of good character and knowledge. These characteristics are encouraged throughout the school year and students are recognized quarterly for their display of these values.

Kihei Charter High School Graduation Requirements

English Language Arts

4.0 credits

Social Studies

4.0 credits including:

- Modern History of Hawai'i (0.5 credit); and
- Participation in a Democracy (0.5 credit)

Mathematics

3.0 credits including:

- Algebra 1 (1.0 credit); and
- Geometry (1.0 credit); and
- Mathematics basic elective (1.0 credit)

Science

3.0 credits including:

- Biology 1 (1.0 credit); and
- Science basic electives (2.0 credits):

World Language OR Fine Arts

2.0 credits in one of the specified programs of study

Engineering and Technology

2.0 credits including:

- Engineering and Fabrication 1 (0.5 credit)
- Engineering and Fabrication 2 (0.5 credit)
- Computer Science 1 (0.5 credit)
- Computer Science 2 (0.5 credit)

Wellness Portfolio

2.0 credit including:

- *PE (1.0 credit)*
- Health (1.0 credit)

Advisory

2 credits including:

- Advisory 9 (0.5 credit)
- Advisory 10 (0.5 credit)
- Advisory 11 (0.5 credit)
- Advisory 12 (0.5 credit)

Projects and Personal Growth

5.5 credits including:

- Sophomore Seminar (1.0 credit)
- Junior Seminar (1.0 credit)
- Internship (0.5 credit)
- Senior Seminar (1.0 credit)
- 2 electives of student choice (2.0 credit)

****Credits Note:**

All students must be enrolled in a minimum of 4 courses, in addition to Advisory, each semester. This can be a combination of UH Dual Credit and KCS courses. This applies, even if a student has already accrued the required credits toward graduation.

Total required credits: 27.5

High School Course Descriptions

ADVISORY

Advisory courses at KCS aim to provide students with academic and social support, mentoring and guidance. Additionally, advisory serves as the core tool for establishing our school mission, vision, and values, as well as integrating 21st century skills into all aspects of learning. Through frequent grade checks and formal academic conferencing, students also learn to monitor and reflect upon their academic progress.

ADV9 9th Advisory

Gr 9 .5 credit/year

9th grade advisory helps students explore the question, "Who Am I?" Students develop their KCS portfolios, identify and create S.M.A.R.T goals, develop healthy strategies to manage stress and succeed in school, and engage in team building activities to build positive school culture.

ADV10 10th Advisory

Gr 10 .5 credit/year

10th grade advisory helps students explore the question, "Where Am I From?" Students develop a more holistic understanding of where they and their peers are coming from, facilitating empathy and broader perspectives. Positive choice making and healthy relationship building are also emphasized.

ADV11 11th Advisory/Senior Seminar

Gr 11 .5 credit/year

11th grade Advisory helps students explore the question, "Who Am I Becoming?" Students continue to deepen their connection to the school community by engaging in leadership and service. College and career exploration, as well as test preparation, are also emphasized. 11th Advisory aligns with students' Junior Seminar course.

ADV12 12th Advisory/Senior Seminar

Gr 12 .5 credit/year

12th grade Advisory helps students explore the question, "Where Am I Going?" Students receive support as they begin to make post-high school college and career plans and prepare for their end-of-year graduation defense. Students complete their online high school portfolios, which are presented in front of a panel of professionals during their defense. 12th grade Advisory aligns with students' Senior Seminar course.

ART & CULTURE

ART100 Fundamentals of Art and Design

Gr 9-12 1 credit/year

Students develop an awareness and appreciation of the visual experience, art history, and use 21st century skills to create a variety of 2D and 3D media: drawing, painting, collage, computer design and printmaking. Students will be expected to research and talk about art history and create a portfolio of their work at the end of the year.

ART200 Advanced Art and Design

Gr 9-12 1 credit/year

An advanced level course in drawing and painting with an emphasis on developing a deeper understanding of art and art history. The course concentrates on applying the elements of art and principles of design in a variety of media. Studio experiences include drawing, painting, illustration, digital media and printmaking projects. Each student will demonstrate progress over time by developing a body of work and organizing a portfolio.

ART300 Media Studies and Yearbook

Gr 11-12 1.0 credit/year

Media Studies and Yearbook is a one-year elective that produces the school yearbook. Members of the staff are expected to have a high level of maturity and the ability to work independently. Students will develop skills in graphic design, photography, journalism, marketing, budget management, copywriting, and project management. Students will be expected to develop skills necessary to effectively produce the yearbook. A strong commitment to meeting deadlines is required, including any necessary weekend or after-school work.

CULN101 Cooking

Gr 11-12 1.0 credit/year

Learn cooking skills and how to cook nutritious meals. You will also be given ingredients to take home and try out recipes with your family.

HAW101 Hawaiian Music and Culture: Mele, Hula, 'Oli, 'Olelo, and Ukulele

Gr 11-12 1.0 credit/year

Students will sing, dance, chant, learn common Hawaiian words and phrases, and learn traditional and contemporary Hawaiian songs. There will be multiple performances, including the KCS Lu'au in the Spring. Beginners, intermediate, and advanced are welcome.

CIVIC LITERACY AND ENGAGEMENT

Civic literacy addresses the skills needed for citizenship development as well as the connections to existing standards in reading, writing, speaking, listening, and critical thinking skills. As graduation requirements, civic literacy and engagement courses shape students into knowledgeable, caring, connected community members and teach the value of service.

COMMSVC1 Sophomore Seminar/Community Engagement

Gr 10 1.0 credit/year

Students engage in service and community-based learning projects, while exploring the value of service and the positive difference they can make in their immediate communities.

ENGINEERING

EN101 Engineering and Fabrication 1

GR 9 .5 credit/year

EN201 Engineering and Fabrication 2

Gr 10 .5 credit/year

Prerequisites: Engineering and Fabrication 1

EN300 Advanced Engineering

Gr 11-12 .5 credit/year

LANGUAGE ARTS

ELA100 English 9: Communication Fundamentals

Gr 9 1 credit/year

Communication Fundamentals introduces the use of research methods, including the use of primary and secondary sources and how to effectively evaluate the credibility of sources. Students will learn how to summarize, paraphrase, and quote information, as well as how to properly cite sources. Students will use research skills to develop arguments in persuasive writing, how to form and defend a thesis, and how to prepare for a debate. Students will also broaden oral communication skills by participating in a debate, giving presentations, as well as working in cooperative groups and participating in classroom discussions. enhance their evaluation skills by determining the credibility and accuracy of sources.

ELA200 English 10: Oral/Written Communication

Gr 10 1 credit/year

Students explore perspective and point of view by comparing and contrasting specific topics written by different authors, including key texts from American literature. Students use their knowledge of perspective and text structure to write informative essays, persuasive speeches, and creative writing assignments. Students develop oral communication skills through presentations, cooperative group work, and classroom discussions. Students also learn how to analyze and critique primary and secondary sources to use within research and understand the limitations of both kinds of sources. *Prerequisite: English 9*

ELA300 English 11: Expository Writing

Gr 11 1 credit/year

Students further develop their reading, writing, research, and presentation skills by exploring global literary and informational texts. Through an exploration of multi-genre texts, students produce clear, thoughtful, and coherent writing that is appropriate to task, purpose, and audience. Students also gain an advanced understanding of how literary devices such as satire, irony, and figurative uses of language give power to rhetorical speech and writing. Through collaborative and individual work, students use technology to produce and publish their writing, as well as to respond to feedback and new information.

Prerequisite: English 10

ENG400 English 12: Academic Writing

Gr 12 1 credit/year

This course will focus upon producing quality writing that effectively communicates to specific audiences in a professional environment. There will be an emphasis on the use of clear language and composition that impacts the reader by being easily understood by the intended audience. The writing may be for analysis, self-expression, and information sharing, persuading or stimulating debate. There will be an emphasis on drafting, editing and revising text for purpose, style, clarity, and impact. Students will be exposed to different types of writing projects to address individualized college and career readiness goals. Writing styles include: Academic writing for college reports; professional writing to the standards and styles demanded by professional situations; and creative expressive writing.

MATHEMATICS

MA100 Algebra I

Gr 9 1 credit/year

Algebra I is a comprehensive course that includes topics such as operations in the real number system, solving equations and inequalities, proportional reasoning, equations of lines and graphing, linear functions, absolute value functions, solving systems of linear equations, laws of exponents, polynomials and factoring, simplifying and solving complex fractions and radicals, quadratic functions, and transformations of functions. Algebraic thinking skills are developed

through a variety of classroom activities, hands on projects, real world problem solving, class discussions, note taking, and utilizing technology.

MA200 Geometry

Gr 10 1 credit/year

This course formalizes what students have learned about geometry in the middle grades, with a focus on reasoning and making mathematical arguments. Students develop geometric reasoning skills, such as analyzing rigid motions, completing formal constructions, and writing proofs. Some of the topics in this course include proving circle, triangle and polygon properties, transformations, area, the Pythagorean Theorem, volume, similarity, trigonometry, and logic.

Prerequisite: Algebra I

MA300 Advanced Fundamentals of Algebra

Gr 11-12 1 credit/year

This course serves as a bridge between Geometry and Algebra II. It is designed to help students review main Algebra and Geometry concepts to prepare them for the rigor of Algebra II, which is a required course for students planning to attend a four-year university immediately upon graduating high school.

MA301 Algebra II

Gr 11-12 1 credit/year

This course focuses on the four critical areas of the Common Core model pathway for Algebra II: functions, polynomials, periodic phenomena and collecting and analyzing data. Topics include solving linear inequalities and absolute value equations, direct variation, linear functions, piecewise functions, and linear modeling. Families of graphs and systems of equations lead into solving quadratic equations and modeling quadratic functions and complex numbers, followed by solving and graphing polynomial functions, rational and radical functions, exponential and logarithmic functions, and basic trigonometry. The Common Core practice standards are embedded throughout the course, as students solve novel problems, reason abstractly, and think critically.

Prerequisites: Algebra I, Geometry and passing score on Math Placement test

MA302 Consumer Math

Gr 11-12 0.5 credit/semester

In Consumer Math, students study and review arithmetic skills they can apply to their personal lives and future careers. This course focuses on topics related to personal finance, budgeting, taxes, and business entrepreneurship.

MA400 Precalculus

Gr 11-12 1 credit/year

This course is designed to cover topics in Algebra ranging from polynomial, rational, logarithmic and exponential functions to conic sections, vectors and matrices. It is also designed to cover

topics in discrete math, probability, sequences and series. Trigonometry concepts such as Law of Sines and Cosines are introduced. Students begin learning calculus concepts such as limits, derivatives, and integrals. This class is important for any student planning to take college pre-calculus or calculus courses.

Prerequisite: Algebra II and passing score on Math Placement test

PHYSICAL EDUCATION AND HEALTH

HEALTH9 Health

Gr 9 1.0 credit/year

Health classes are designed to assist students in obtaining accurate information, developing lifelong positive attitudes and behaviors, and making wise decisions related to their personal health. The studies will include personal and community health; mental, emotional, and social health; injury prevention and safety; nutrition and physical activity; alcohol, tobacco, and other drugs; growth, development, and sexual health. Central themes are the acceptance of personal responsibility for lifelong health, respect for and promotion of the health of others, an understanding of the process of growth and development, and informed use of health-related information, products, and services.

PE100 Physical Education

Gr 9 1.0 credit/year

Physical Education classes are designed to practice and develop skills in activities that will help students maintain fitness throughout their life. We will explore fitness activities designed to improve all areas of fitness. Our goal is that by the end of the year is to improve students' baseline fitness levels through regular cardiovascular endurance training, muscular endurance training, and activities designed to increase current levels of fitness. Students will be introduced to life-long activities designed to increase their likelihood of exercising in the future.

PROJECTS AND PERSONAL GROWTH

JR101 Junior Seminar

Gr 11 1 credit/year

Junior Seminar is designed to develop students' independent project skills, emphasizing in-depth application of 21st Century Skills. Students complete a semester-long independent project that is meaningful to their lives and interests. The project challenges students to refine their academic research and writing, peer feedback skills, collaborative and interpersonal skills, and self direction skills. In the second semester, students engage in standardized test prep, college and career readiness activities, and explore internship opportunities. All students end the course with an internship plan, which is carried out over the summer.

INT400 Internship

Gr 11/12 .5 credit/60 hours

During the summer, in between their junior and senior years, students complete a 60 hour internship with which they develop professional skills, interests, and a level of comfort in working with adults and advocating for themselves in the world outside of school. The internship experience should connect and end with students' senior projects. Students must complete all required documentation in order to receive credit.

SR100 Senior Seminar

Gr 12 1 credit/year

Senior Seminar further develops students' independent project skills and academic/professional writing skills. Students write an in-depth project proposal to create a product or service that displays their learning and development of 21st Century Skills. Students present their project to a variety of audiences, including their peers, lower-division students, their community, and a panel of professionals during their graduation defense. This course prepares students for their graduation defense, in which students present for approximately 1 hour to a panel of teachers, administrators, and board members. Family members and student mentors are also encouraged to attend. The Senior Graduation Defense is a major component of the Kihei Charter graduation process.

ADV301 SAT/ACT Prep and College Readiness

Gr 11-12 0.5 credit/year

This course is designed to help 11th and 12th grade prepare for the SAT and ACT tests. Students review both verbal and mathematical skills required for these assessments, as well as practice test taking strategies specific to the tests.

SCIENCE

SCI102 Biology

Gr 9 1 credit/year

Biology provides an overview of the living world. Topics include the central tenets of scientific thought and exploration, experimental design, cell biology, genetics, evolution, anatomy, and ecology. The course is updated annually to include recent breakthroughs in scientific research. Concepts are explored through reading, online assignments, current events, lectures, and student-driven projects. Strong emphasis is placed on hands-on laboratory activities and students are expected to be active participants in class discussions and activities.

SCI200 Chemistry

Gr 10-12 1 credit/year

This course provides an overview of the concepts of chemistry. Topics include the central tenets of scientific thought and exploration, experimental design, properties of matter, scientific measurement, atomic structure, electron configuration, the periodic table, ionic and covalent bonding, chemical names and formulas, chemical quantities and reactions, stoichiometry, states

of matter, the behavior of gasses, reaction rates and equilibrium, acids and bases, oxidation-reduction reactions, nuclear chemistry, and an introduction to organic chemistry. Concepts are explored through reading, assignments, lectures, laboratory activities, and student-driven projects. The Common Core practice standards are embedded throughout the course in a way to encourage problem solving, critical thinking, and active participation.

Prerequisite: Algebra 1.

SCI201 Ecology

Gr 10-12 1 credit/year

The Ecology curriculum is designed to continue student investigations of the life sciences that began in grades K-8 and provides students the necessary skills to be proficient in ecology. This curriculum includes more abstract concepts such as the interdependence of organisms, the relationship of matter, energy, and organization in living systems, the ecological conditions, the behavior of organisms, and biological evolution.

SCI301 Field Ecology

Gr 11-12 1 credit/year

Field Ecology is a field-based upper division course that provides an in-depth study of Hawaiian ecosystems with an emphasis on the interactions between organisms and their environment. Topics covered include chemistry of life, natural selection, population and community ecology, biodiversity, and sustainability. Strong emphasis will also be placed on field science methods such as transect and quadrat sampling, designing scientific studies, and community service projects. Students enrolled in this course must be enthusiastic about hiking, snorkeling, and other outdoor activities that may require working in constantly changing conditions that may include heat, humidity, rain, insects, prickly plants, etc.

Prerequisites: Biology, Chemistry

SCI302 Marine Science

Gr 11-12 1 credit/year

This class will offer an exploratory look at the marine world, its ecosystem and contemporary issues surrounding it. This class will be a balance of science and social issues. The class will include field work and critical analysis of material.

Prerequisite: Biology with a C or better.

SCI400 Applied Physics

Gr 11-12 1 credit/year

Students learn basic physics concepts through several large inquiry projects. Small group projects typically include the design, construction and testing of parachutes, rockets, crash test vehicles, and catapults. A focus on scientific communication also requires students to design and execute controlled experiments, present original research, critique peer presentations, and write scientific

reports in a format similar to peer-reviewed journals. Students will also be introduced to the abstraction bridge model.

Prerequisites: Algebra 1, Geometry

SCI303 Environmental Science (Navigating Natural and Man-Made Perils)

Gr 11-12 1 credit/year

Explore the biology and behavior of dangerous organisms, the art of survival techniques, and how to minimize risks associated with natural disasters. Through the engaging discussions and immersive simulations in this course, you'll develop the confidence needed to survive in challenging environments.

From the wooden jungle to the concrete one, this course blends practical knowledge with hands-on experience to ensure your readiness for any situation.

SOCIAL STUDIES

SS101 Social Studies 9 – Participation in Democracy

Gr 9 .5 credit/semester

The course will explore the role of government including the purpose, principles and values of democracy and the historical impact of political institutions. The course will also explore the roles, rights (personal, economic, political) and responsibilities of American citizens. Students will demonstrate how to use their understanding and knowledge to engage in local communities, at the state and national level.

SS102 Social Studies 9 – Modern Hawaiian History

Gr 9 .5 credit/semester

This course provides an overview of Hawaii's past and present history. Students will explore the historic, geographic, socio-political, economic, and multicultural development of modern Hawai'i as well as study the effects of change on the people of Hawai'i. Course content begins with a look at pre-contact Hawaiian civilization, the campaign of Kamehameha, then outlines the change brought about by the first foreigner to the islands, continuing on through statehood, and into modern movements and issues.

SS200 Social Studies 10 – U.S. History and Government

Gr 10 1 credit

U.S. History and Government Semester 1 explores important historical events and topics of the 20th Century including immigration, urbanization, the Gilded Age and Progressive Era, World War I, and the conflicts and transitions of the 1920's. The course explores how each event and era influences laws, power of governmental institutions, and society. Students will identify and be able

to explain the role of citizens within each sector of society, including the contributions of minorities and women.

U.S. History and Government Semester 2 explores the events leading up to The Great Depression and FDR's New Deal, World War II, The Cold War, Civil Rights Era, and Contemporary Culture and Society. The course explores how each event and era influences laws, power of governmental institutions, and society. Students will identify and be able to explain the role of citizens within each sector of society, including the contributions of minorities and women.

SS300 Social Studies 11 – World History and Cultures

Gr 11 1 credit

This course examines the development and dynamics of human experience through the lens of world history, focusing on themes such as migration, imperialism, religion and culture, politics, and revolution. Students will keep up with international current events and work collaboratively to explore key themes in world history, write and create multimedia critical reflection pieces, and engage in discussion. Students will use their global awareness skills to understand how politics, economics, religion, social factors, intellectual ideas, and art consistently shape the human landscape of specific geographic regions. By critically and analytically examining decisions, events and ideas of the past, students can make informed decisions about present-day issues, decisions and events.

SS301 Global Cultures

Gr 11-12 0.5 credit/year

This upper division social studies enrichment elective offer juniors and seniors an exploration of music, traditions, history and geography around the world to help broaden perspective and understanding.

SS302 History of Modern Music

Gr 11-12 0.5 credit/year

This upper division social studies elective is an examination of the evolution of American music beginning with the tribes of the first peoples and continuing through to the popular music of today. In this course students will gain an understanding and appreciation of the various musical styles that have shaped our culture by examining and listening to many of the most important composers, performers, instruments, theories, regions, and eras. Genres to be examined will include but are not limited to chant, folk, Hawaiian, classical, march, ragtime, Broadway, gospel, blues, jazz, rock n roll, soul, r&b, hip hop, punk, metal, pop, and EDM.

SS400 Social Studies 12 – Global Issues

Gr 12 1 credit

Global issues is a social studies course that focuses on themes of culture, politics, economics, geography, and religion as they play out in an international context. Students are expected to gain an understanding of global interdependence by exploring topics such as globalization, international political and banking systems, resource management, and human rights from a variety of perspectives. Students will also be challenged to develop research and critical thinking

skills related to the ways in which historical events have shaped the context of present-day cultural, economic, social, and environmental challenges. By exploring a variety of sources from diverse perspectives, students will develop their analytical, writing, and oral presentation skills while also sharpening their awareness of the world they live in.

SPANISH

SPAN100 Spanish 1

Gr 9-12 1 credit/year

Spanish 1 Students will learn about the rich Spanish culture and the geography of Spanish speaking countries. Students will have a general introduction to the Spanish language: pronunciation, vocabulary, verb conjugation and basic grammatical structures. Emphasis will be on: listening, and speaking. Students will have the ability to carry on a simple conversation. Students should be prepared to put in extra time memorizing and studying vocabulary and grammatical concepts.

SPAN200 Spanish 2

Gr 9-12 1 credit/year

Spanish 2 builds upon knowledge gained in Spanish 1. Students will broaden their knowledge of Spanish-speaking countries and cultures. This course will also reinforce the skills learned in Spanish I. Emphasis is on perfecting pronunciation, mastery of the basic grammatical structures, and increased communicative proficiency. Students will be expected to apply them in their writing and speaking.

Prerequisites: Spanish 1 or instructor approval

SPN300 Spanish 3

Spanish 3 builds upon knowledge gained in Spanish 2. Students will broaden their knowledge of Spanish-speaking countries and cultures. This course will also reinforce the skills learned in Spanish 2. Emphasis is on perfecting pronunciation, mastery of the basic grammatical structures, and increased communicative proficiency and writing proficiency.

Prerequisites: Spanish 2 or instructor approval

TECHNOLOGY

TECH101 Technology 1

Gr. 9 0.5 credit/semester

This semester-long course introduces students to the Google suite, Weebly, and other tools important for academic success at Kihei Charter High School. Students learn skills for navigating these platforms and also create their high school portfolio on Weebly.

TECH201 Computer Science Principles

Gr. 10 0.5/credit/semester

Computer Science Principles is an introductory-level course for students brand new to programming and computer science. In this course, you will learn problem-solving strategies, software design, and the foundations of computer science, using a combination of block programming (Scratch/Snap!) and Python programming. This course prepares students to think like scientists and solve real-world problems, skills that are important to every 21st century citizen.

TECH300 Video Production/KCNN (formerly Media and Technology)

Gr. 11-12 0.5 credit/year

In this course you will be thrown into the fire that video production is. Alone and in groups you will execute the lessons learned weekly and create content for KCNN, Kihei Charter's student news program. This course will set you up for success entering into entertainment industry schooling and work. If you are interested in shooting videos, editing videos, creating visual content for social media, writing, producing, acting, directing, cinematography and anything pertaining to the industry that entertainment has become then this course is for you.

TECH301 Information Technology Apprenticeship

Gr. 11-12 0.5 credit/year

In this service learning elective, students work side-by-side KCS tech admin to help repair, build, improve, and learn more about technology services at KCS. Students will learn about careers in Information Technology while gaining valuable real world problem solving skills.
